Titans Pride Shows!

The 1982-83 school year was the year of **Pride** for Towers High School Student. From the beginning of the school year to the end, each student illustrated his pride for his school through spirit and active participation in school events. No matter where one traveled in Titan country, he saw some type of Towers paraphernalia. Positive mental attitude floated throughout the school from administrators to students. Positive vibes and energies were felt on a day to day basis. For every kind word given, two were received. Pep rallies were held every friday before scheduled games. During the rallies, every member of the Titan family rallied to his feet in support of the maroon and white. When teams were in-

dulged with victory or defeat, Titans held their heads up high as to say "I'm proud to be a Titan."

Signs and banners were hung from hall to hall, from cafeteria to gym, and door to door showing love and admiration like true patriots. Titans raised their banners high in spirit gatherings. When asked how it

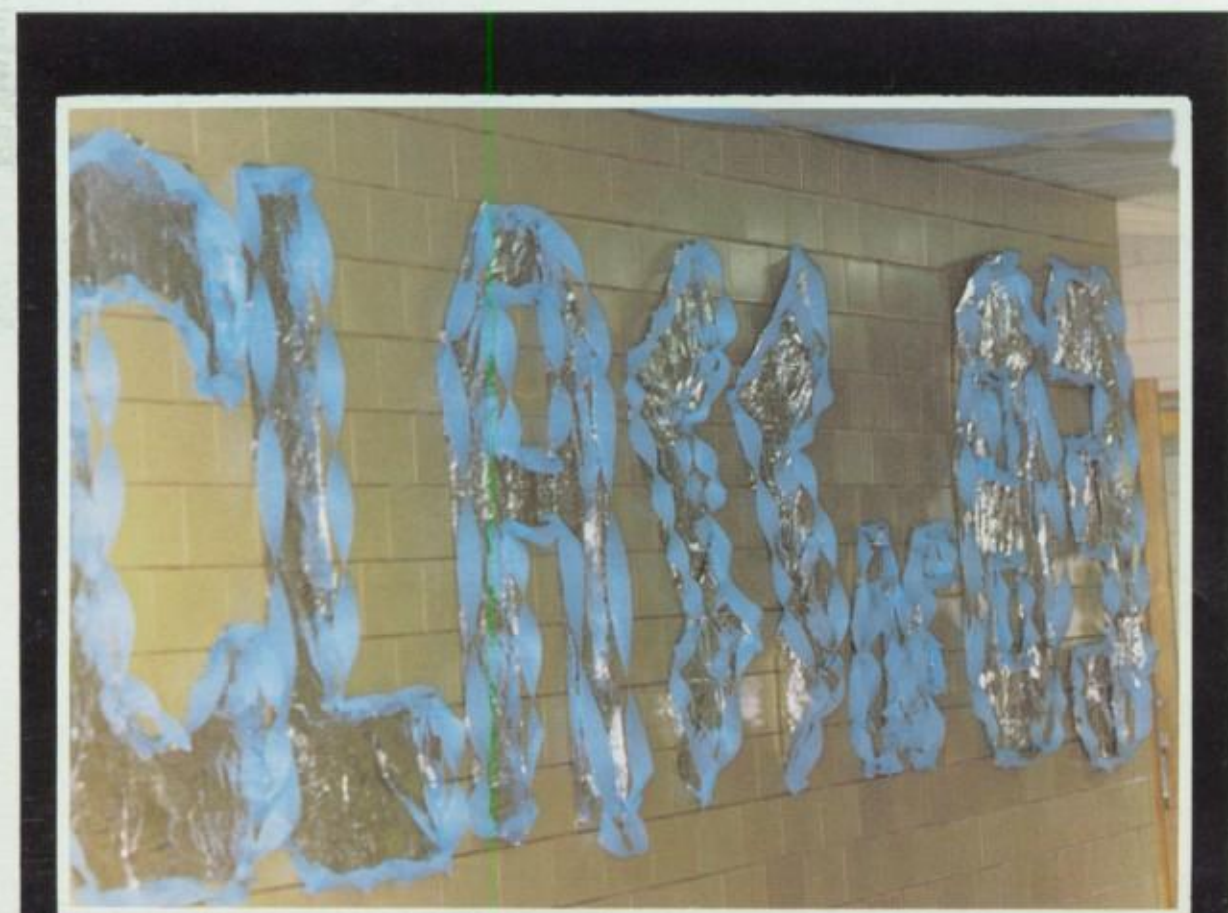

feels to be a Titan, the index finger is always lifted and wiggled from side to side; no verbal reply ever rendered, nor is it needed. Once a veteran administrator must have said, "When Towers High School was built, the bricks were laid with spirit, the cement layered with pride, and the tar was spread with love."

Spirit Soars!

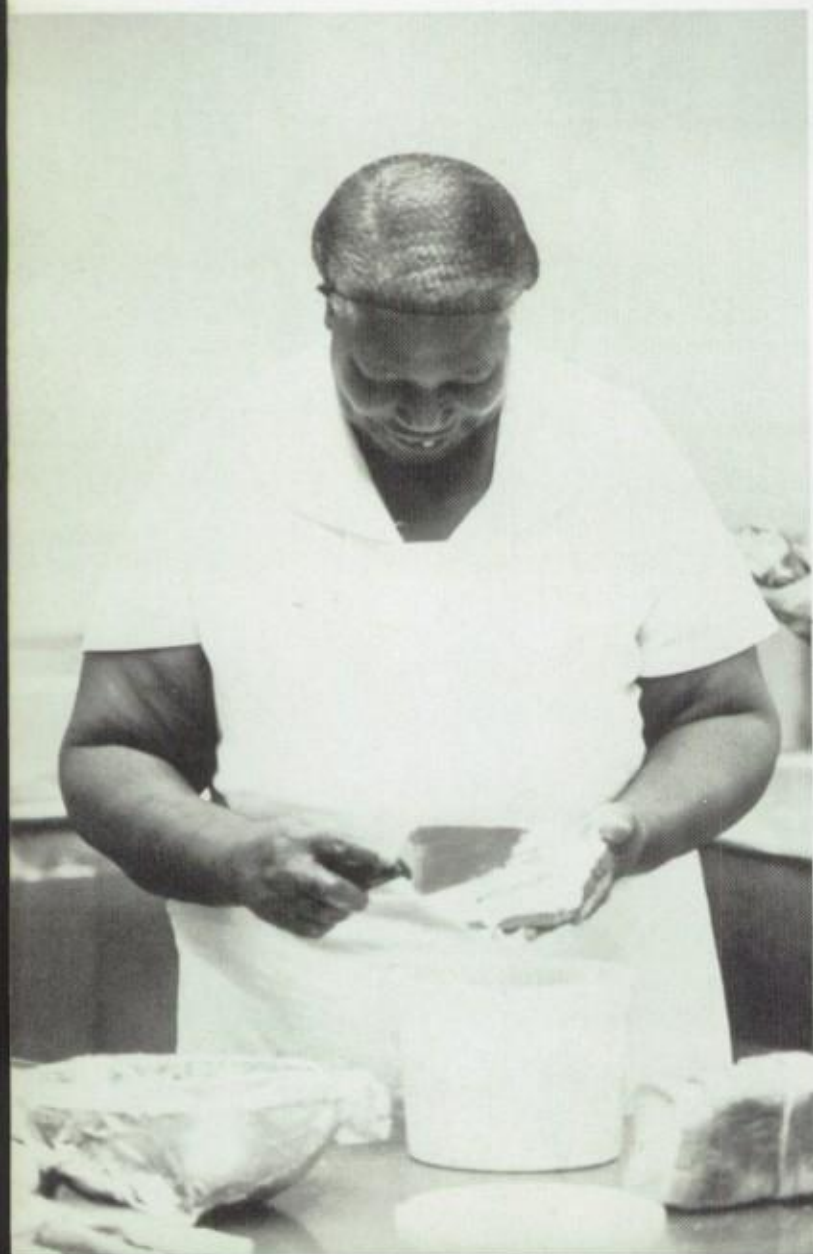

Towers High School **Spirit** is higher now than it has ever been and it is still soaring. The Titans are adopting fans old and new. If the 1982 Western Division Champion Braves are not the topic of conversation, then the 1982-83 Titans are. Spirit gatherings have gone from pep rallies to spectacular annual barn fires. Some students have gone as far as 7 a.m. face painting meetings. A spectator from a neighboring school commented recently, "How could anyone love a school so dear or be as spirited as the folks from Towers High." Spirit is something attained naturally for a Titan. This 1982-83 school year is just an exception.

From Library!

Towers Cafeteria. Meeting Place

Towers High School's cafeteria has replaced the gymnasium as the central meeting place. Since classes are held in the gymnasium throughout the course of the day, the cafeteria is the only place for students to gather from 7:30 a.m. until 4:00 p.m. Breakfast is served from 7:30 a.m. until 8 a.m. This time allows students to compare over night assignments and catch up on the late breaking gossip. Special meetings are called from time to time and the cafeteria is the place. When the lunch hours roll around, the cafeteria is filled with chit-chat. The tables are cluttered with books, lunch trays and brown paper bags. "Meet me in the cafeteria, we have some very important things to take care of immediately," says a Titan sparkling with excitement. One could guess it is only meaningless talk. After school and after the weekend football games, the cafeteria is crowded with football players and their coaches reviewing the dramatic plays. In the closing moments of the day, cheerleaders parade into the cafeteria carrying paint brushes and spirit paper. If the walls of the cafeteria could talk, they would say, "Gee it is fun being a Titan." When visiting Towers, it is not unusual to hear "meet you in the cafeteria."

I Ate The Whole Thing!

THS Served Homecook Southern Best

Like the best southern restaurants, Towers is famous for its fried chicken. "Umm ... finger licking good," could describe the chickens' mouth watering taste. Mash potatoes with brown country gravy, green beans, mixed toss salads, buttered rolls or cornbread, strawberry shortcake, and milk are other favorites served with Towers prize deserving chicken. Pizza, steak, and chilly dogs are other foods Titans enjoy with a southern touch. Unlike other schools, Towers High School's food should be the envy of every continental kitchen in Europe. The southern touch given to each meal makes the food served daily a special treat. To enjoy a feast fit for a king, some Titans wait thirty minutes before being served.

Students Lunching Alternatives

Towers High School students are offered many alternatives to eating lunch. The library is a place for the students to study for their next class test or to finish assignments of the night before. It gives each student the chance to be alone to find out who they really are, what they want out of life, or the chance to read a book with out any interruptions. Some of Towersstudents choose to sit out in front of the building watching cars go back and forth. The guys usually get together and throw a football up in the air wondering who'll end up with it. There are other alternatives but the ones mentioned above are themost popular.

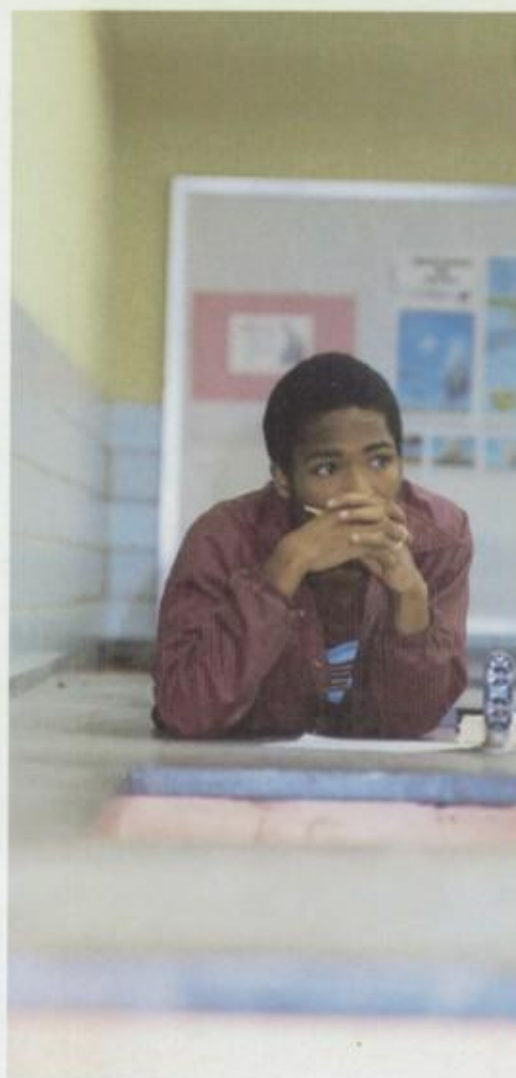

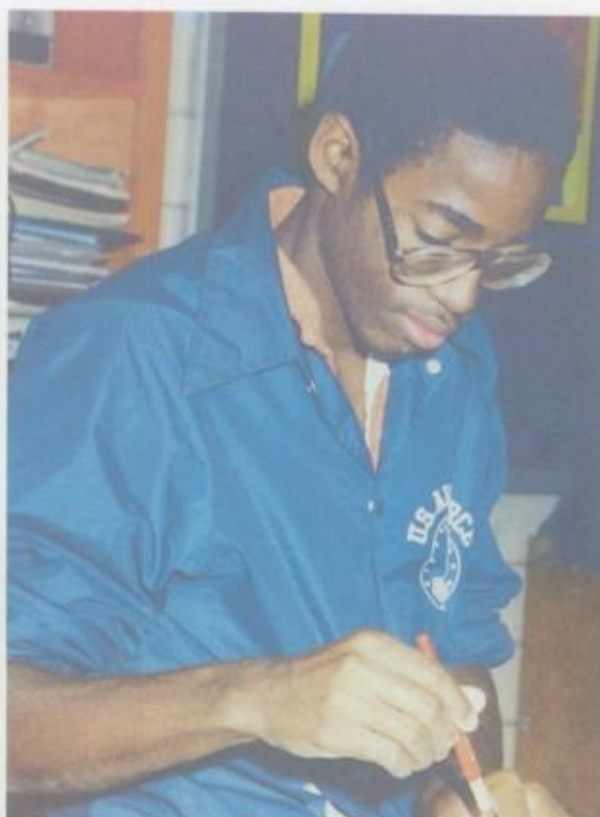

These are the things Titans consider for their Future.

'Ain't No Mountain High Enough'

Through out the years, Towers High School students have out one the odds. This school year did not prove to be different. Titans took a new turn for exceptional excellence and outstanding involvement. Most of the students and faculty felt the

spirit of trying. 'Ain't No Mountain High Enough' could have been their theme song. Obstacles that once stood in the Titans path were pushed aside. Things thought of by many to be trifle and difficult were handled with ease by Towers student body.

Dreaming To Succeed

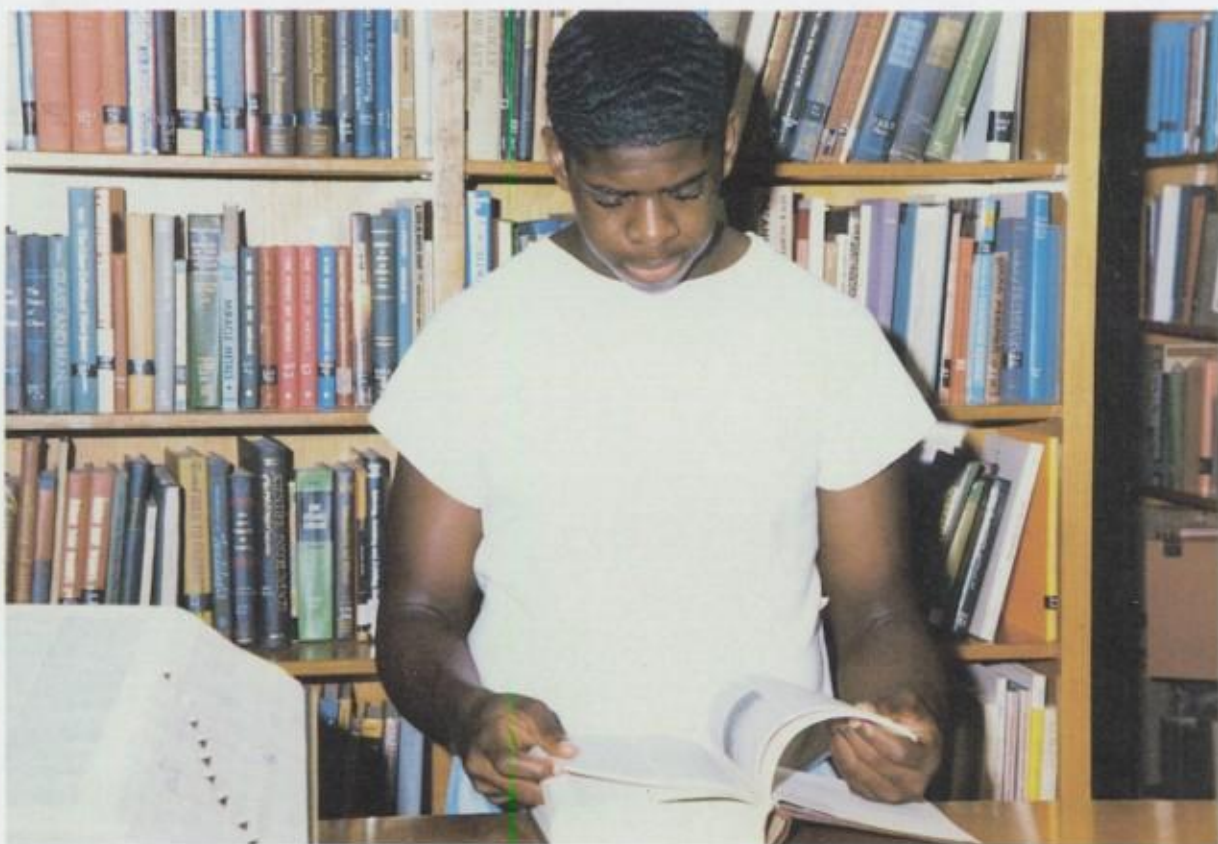

Every student on a day to day basis dreams of succeeding. No matter how far fetched one might think their goals are, they still dream of succeeding. "I dream of winning," says Calvin Brown. Like most ambitious and success oriented people, he went on to say, "To succeed, one must build on his dreams with education and training." Towers High School and other fine Dekalb County Schools' curriculums are based on the needs and desires of each student's future plans. Titans take to heart the fact that Towers is the foundation of their destinies.

Students Act Now For Tomorrow

With Budget cuts in Federal supported social programs and financial aid, students act now for tomorrow. Some Titans place high hopes on attaining scholarships to the college or university of their choice. Others are enrolled in Diversified (DCT) Cooperative Training, Occupational (DE) Educational Centers, and Distributive (DE) Educational courses. These courses give students the opportuni-

ty to work while also receiving training and educational knowledge in the career they have chosen. After finishing these job training courses, graduating students go on to higher levels of education at junior colleges while working in the job acquired in high school. The previous knowledge gained help students excel in further studies and work. Money earned, help students pay for addi-

tional education and unheard of expenses. Due to the recession, many Titans realize the hard times ahead. Plans are being made now for preparations of financial bonds. Students are working part time jobs in the community to make ends meet. Because Towers students are so well rounded, the obstacles ahead are going to be faced with spirit and pride.

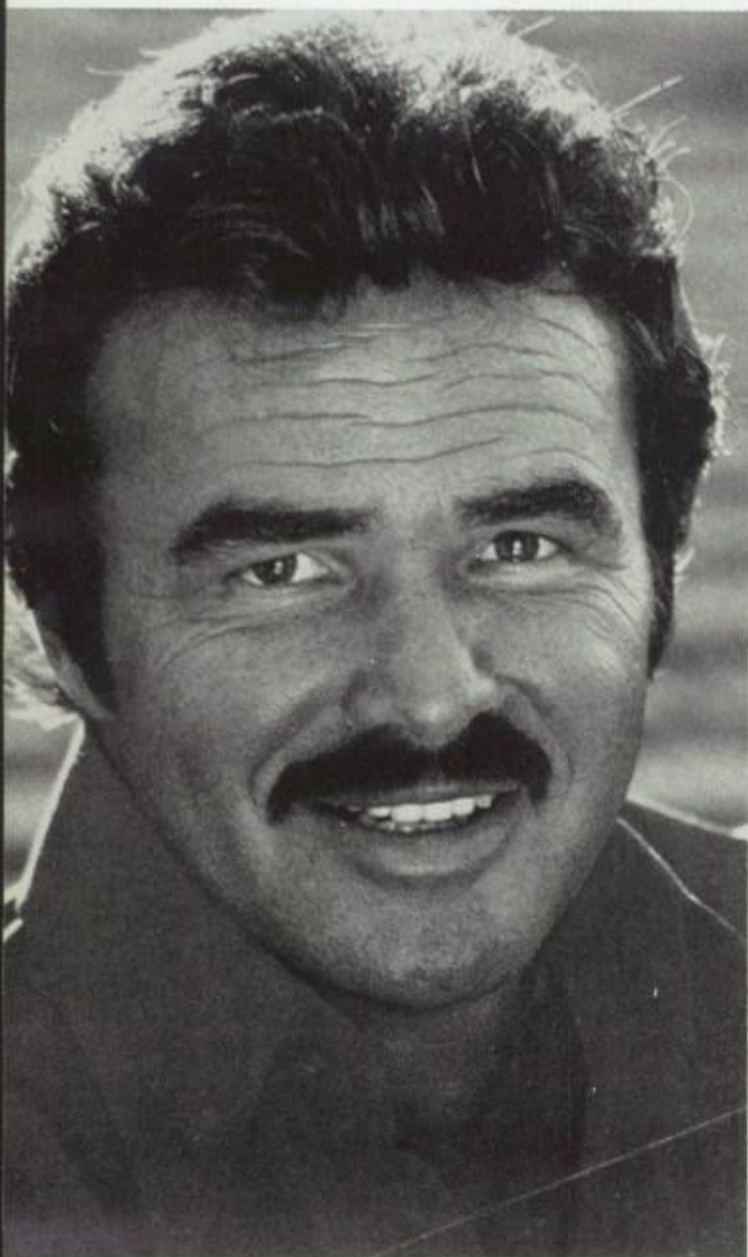

Job Training Aid Students

Towers High School students who are enrolled in job training courses over two years have been able to save money for college education and high school extra curriculum expenses. Job training has enabled students to seek long term employment. Some students earn scholarships to the higher level of educational institute of their choice by the company with which they are employed.

Movies Draw Titan Crowds

The movies has been a Titan pastime for many years and will be for many years to come. The Glenwood Drive-In is a friday and saturday night favorite. Admission is only one dollar per person. Students attend the drive-in at least three times before really watching the movie. Generally the show is in the audience instead of on the screen. Horror flicks and Scientific films drew large Titan crowds to

the movie houses. Halloween III and Friday the 13th part III were popular horror movies. E.T., The Extra-Terrestrial and Poltergeist were favorite scientific films. The entertainment offered by the theaters is in abundance. Movie choices range from scientific to love stores. Most loved about the theatres is the fact that you can take a date there and do not have to worry about enjoyment and expense.

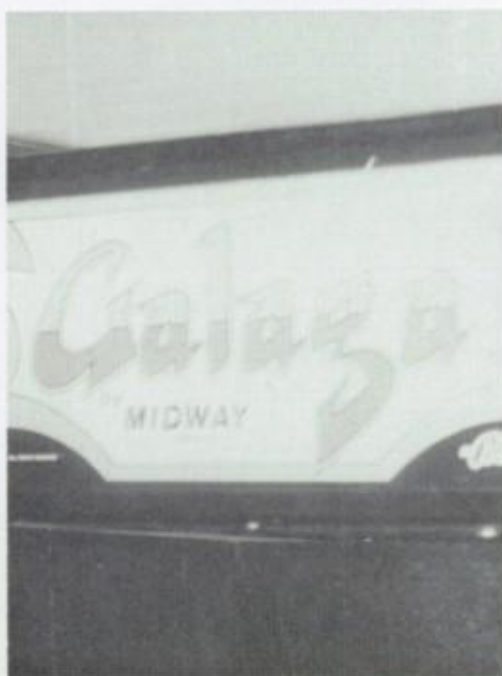

E.T. Invades!

E.T. (extra-terrestrial) was the motion picture that captured the hearts of movie goers all across the nation. Americans adopted the Alien from outerspace. "E.T. phone home," was the cry heard throughout the world. E.T. has created paraphernalia from bed-sheets to bubble gum cards. Steven Spielbergs' E.T. broke box office records placing this motion picture in the rankings of Superman II and Star Trek. Like most great motion pictures, E.T. has left his mark on motion picture history and movie goers for a long time.

Pac Man Playing Out

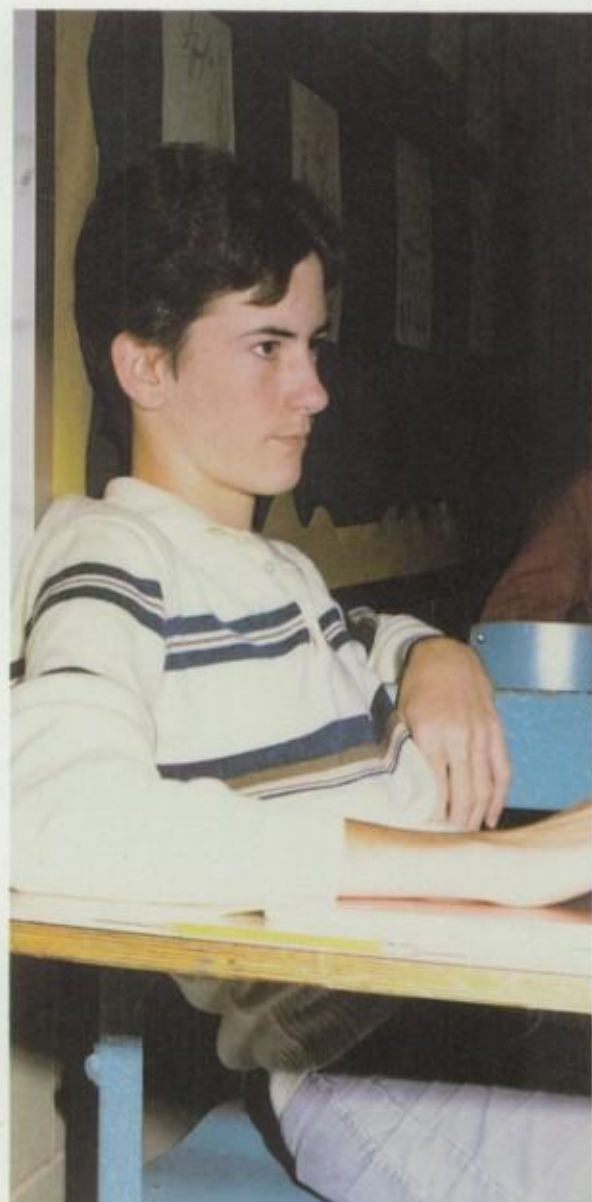

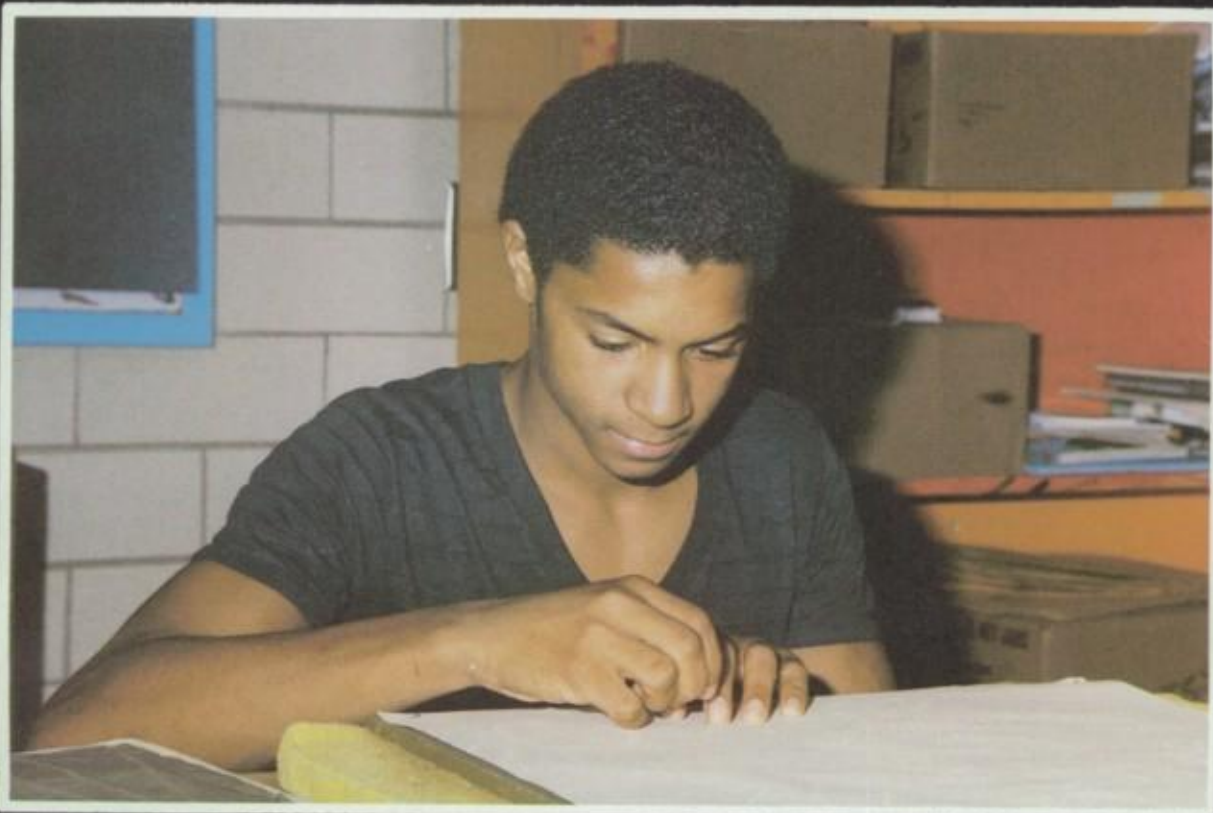

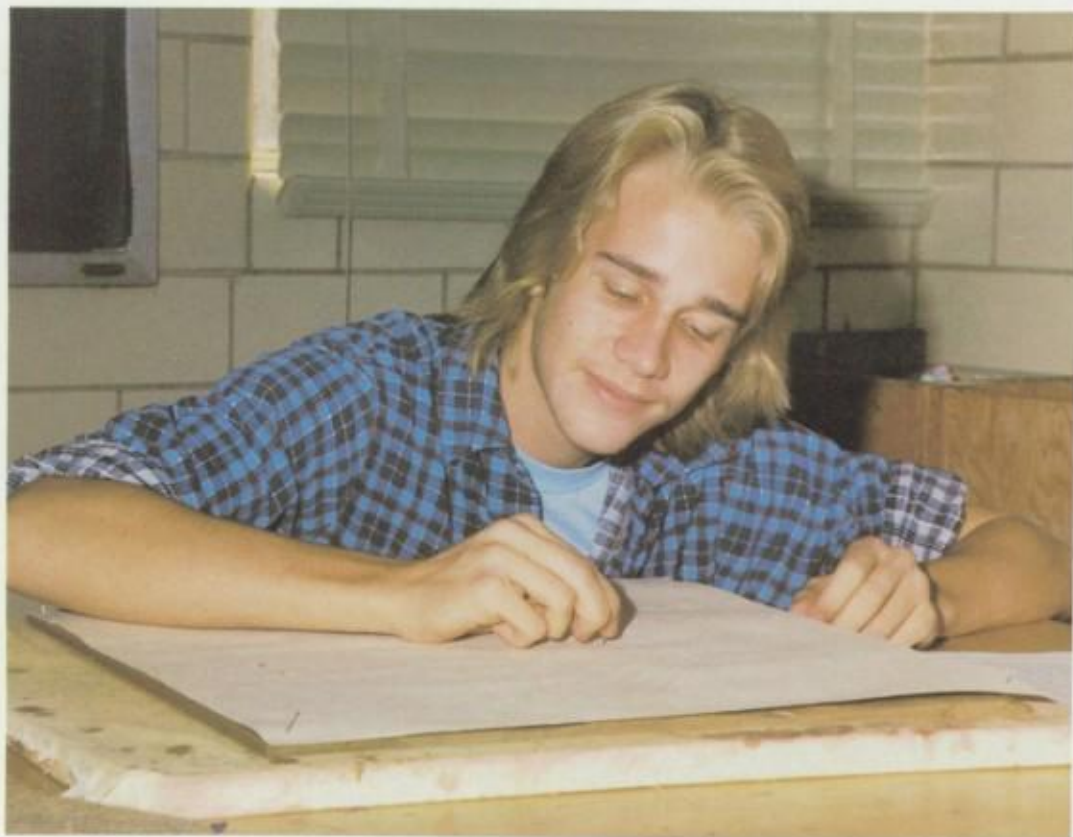

In the 1980-81 school year Pac Man was the favorite video game played by Towers High School students. Now he is playing out to the current video craze, Centipede. Centipede is the new video game crawling all over America. Games such as Tron and Froggy have hopped onto the scene. They have joined with Pac Man playing second fiddle to Centipede. Unlike other video games, Centipede might break the "here to day, gone to-morrow" video sydrom.

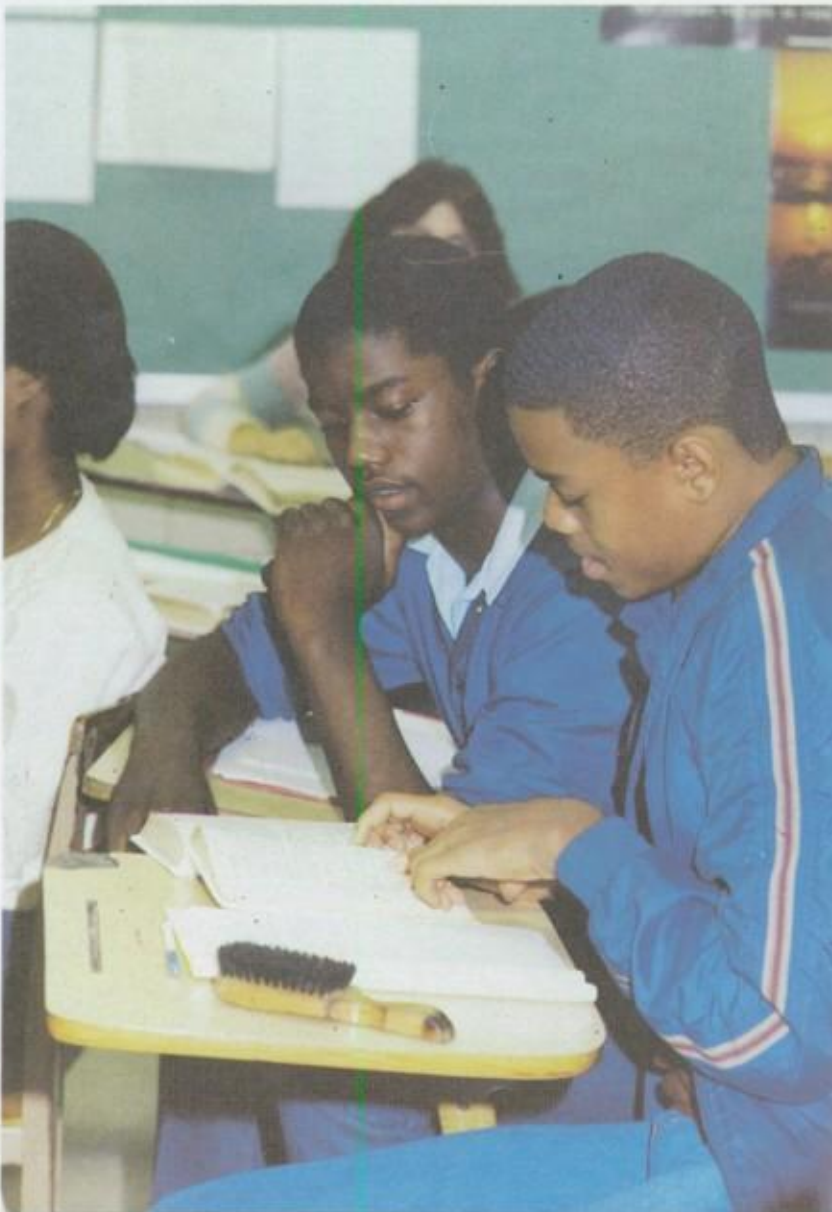

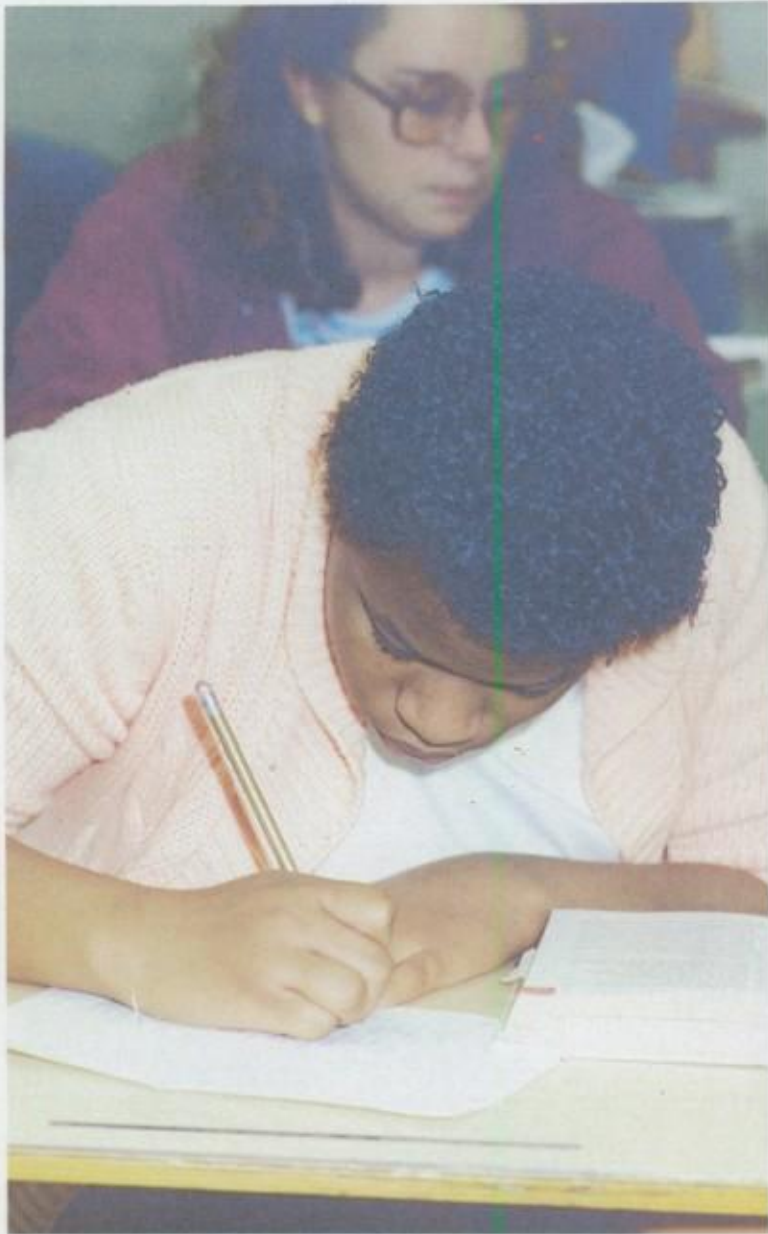

Arcades Attract Addicts

People are becoming addicted to video games daily. These people are called 'Arcade Addicts.' The addiction has gone beyond student truancy to adults extending their lunch hours to play video games. Everyone from elementary students to businessmen are sneaking off to arcades to get a dose of arcade video relief. Shoving quarters after quarters into the video game trying to beat the previous score is a one on one challenge with yourself. Playing against a machine gives an addict a high trying to win over a machine and then himself. People spend as much as five dollars per day playing video games. Long-term players develop visual problems, blisters and bruises, and joint locking just to name a few side affects, not to mention the empty pockets.

Titans Work Hard Together And Solo

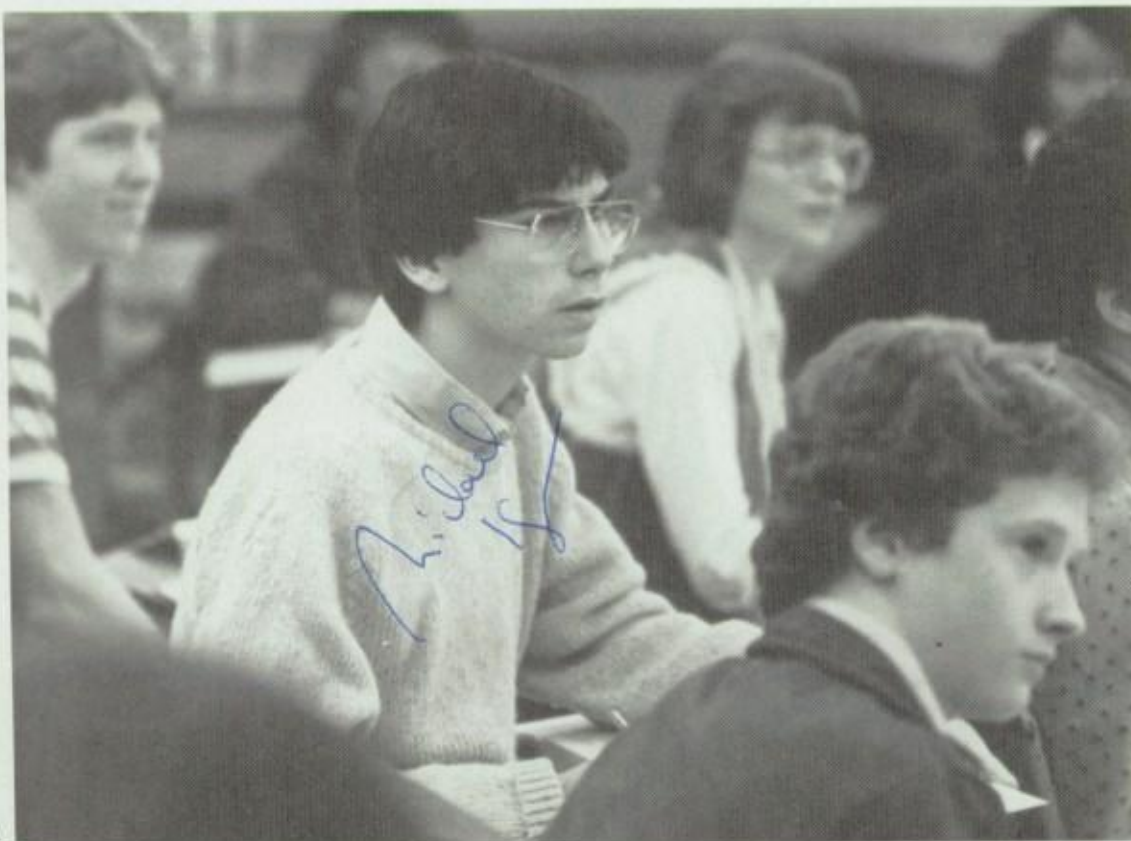

Dedicated Students Prevail

DEDICATED STUDENTS PREVAIL

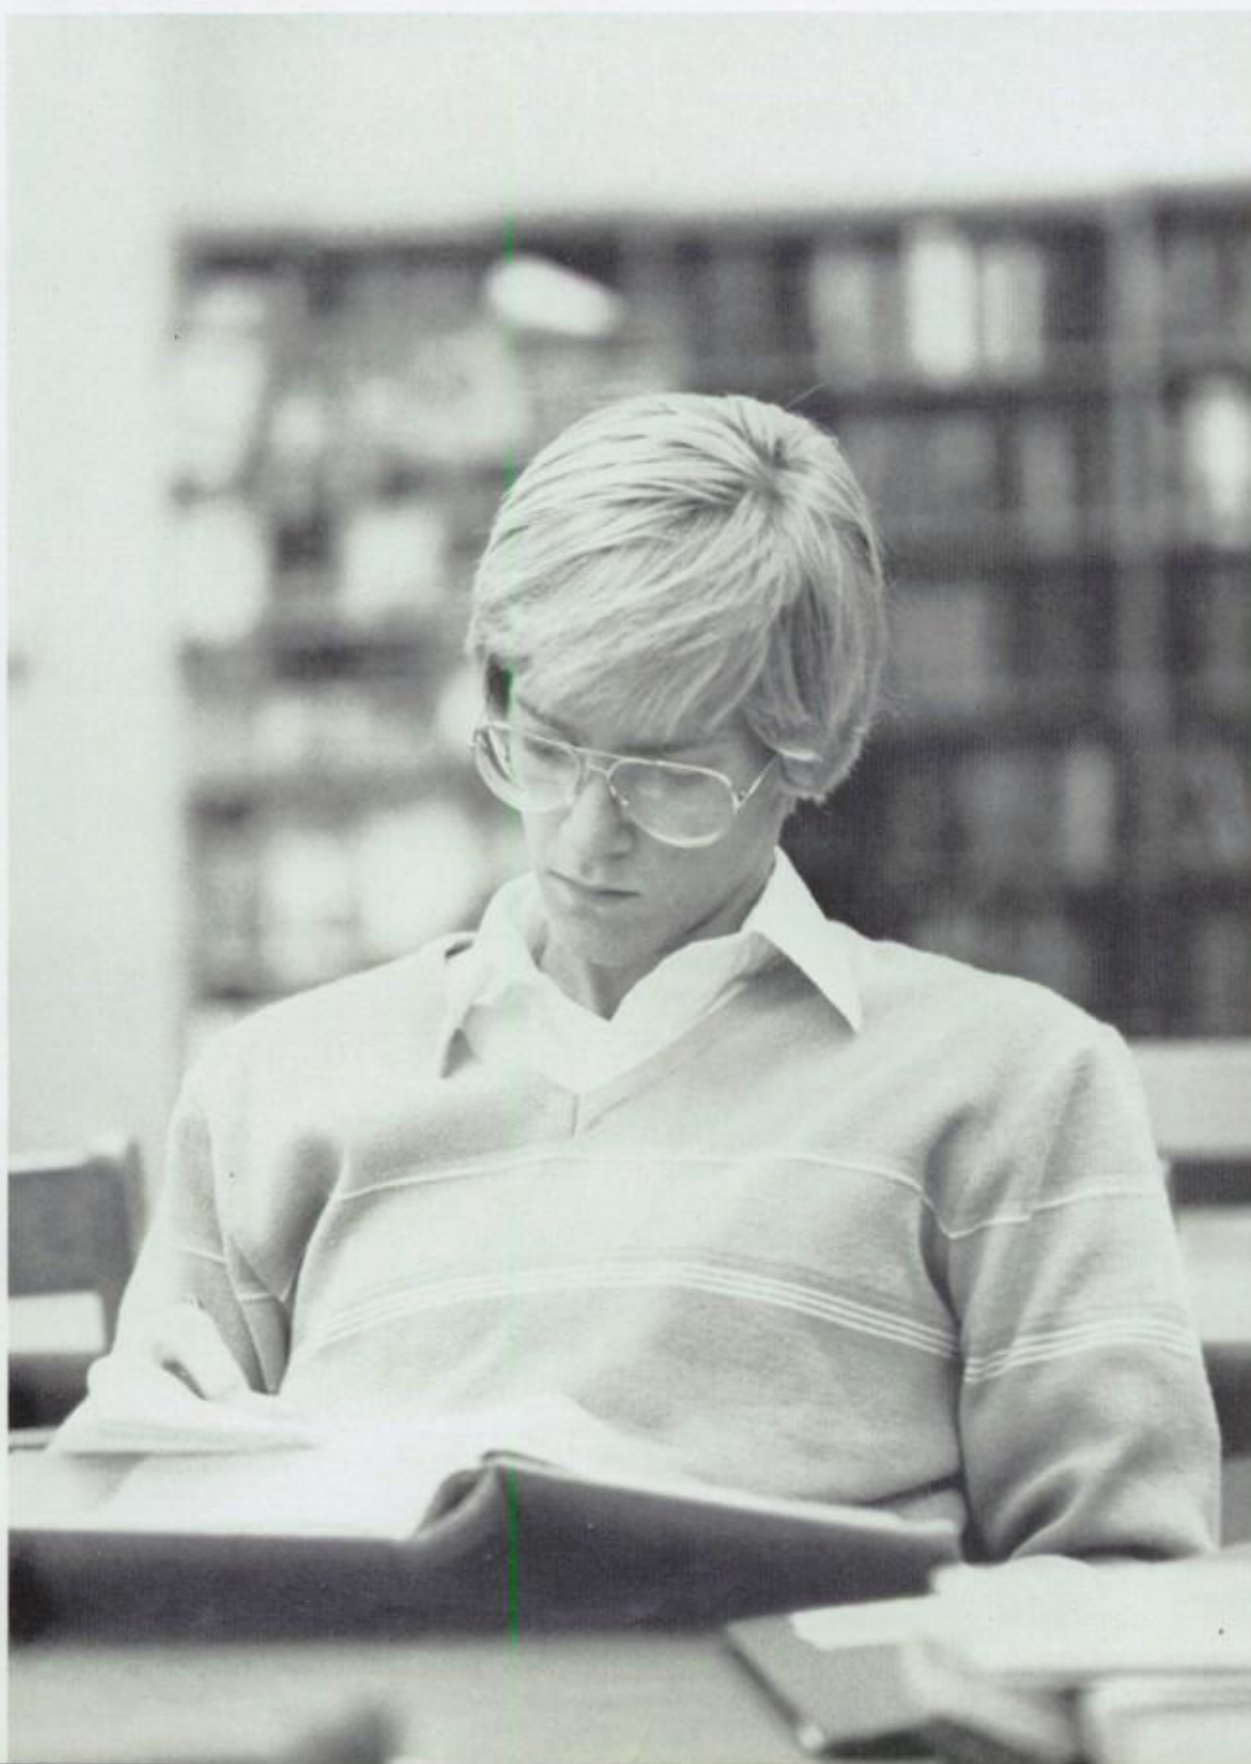

Dedicated students who give their all make up Towers High School. Each student helps in his or her own way. Some excel in classroom studies while others roll along. Taking part in school wide events, such as voting, is another way of helping. Looking toward the future, searching for new hopes and rainbows to fill the rare but gloomy days, clapping your hands and raising your voices to be heard throughout the land during spirit gatherings are a very special form of student dedication. Illustrating patriotism and true dedication is the highest honor a Titan can bestow upon Towers.

Dekalb's THS Actions Stand Out

Towers High School is one of the finest in Dekalb County. The community services the school offer are unlimited. Operation Community Involvement was one of the most successful projects Towers High School has developed this school year. The Titans gathered students from all over Dekalb County and Rockdale to

participate in the project. These students traveled to nursing homes throughout Dekalb County every other Thursday. They produced many variety shows and activities. Even though the students enjoyed performing, they felt the hard working was exciting and rewarding.

Moments To Remember

Moments to remember forever are those special moments shared in high school. Pretending to be opening your locker when you know that special someone is looking is a very special moment. Hugging, touching and smiling with your friends are special times to remember. Standing side by side with your best friend is a special moment to remember. Doing everything your best buddy does are times to remember. Sharing your spirit with people you really do not know but feel so close to is a moment to remember. Extending a helping hand and receiving one back is a moment

to remember. Being challenged and excelling the challenge is a moment to remember. Those special mo-

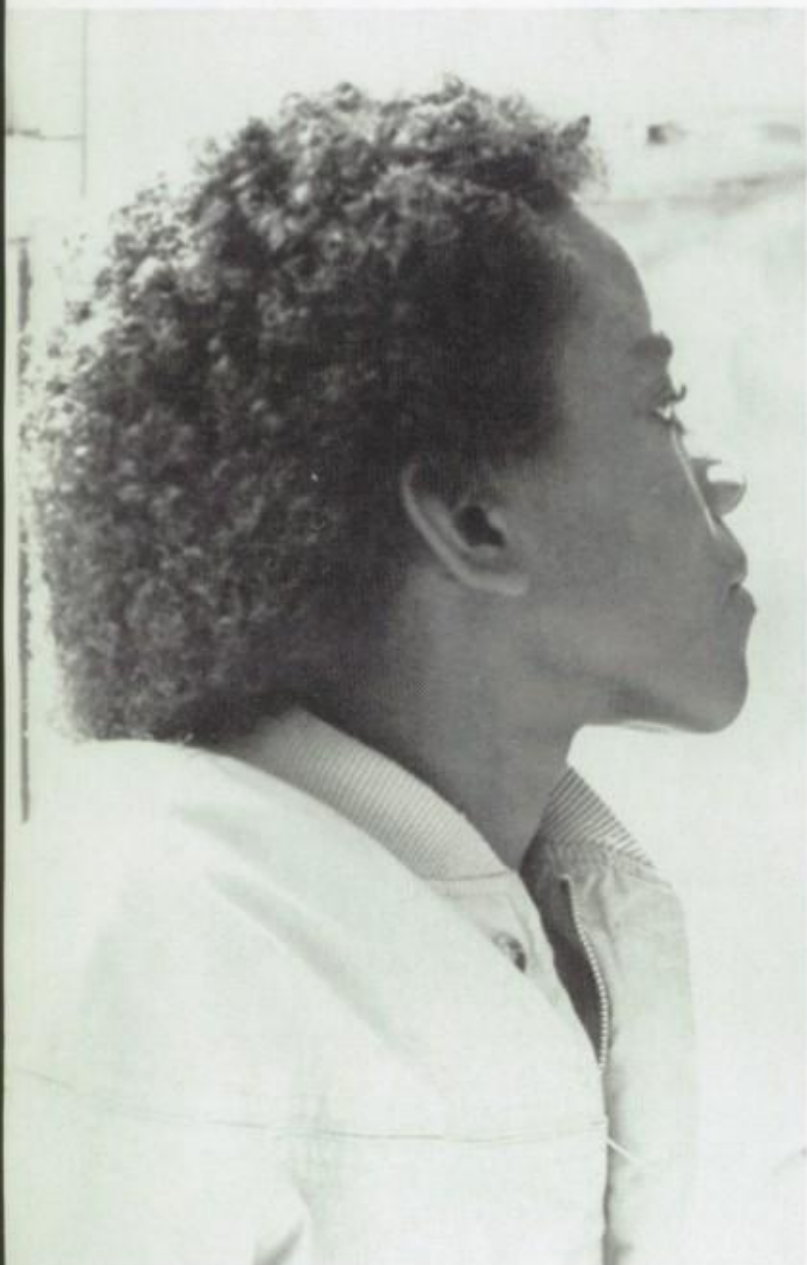

ments such as your first kiss at the Junior/Senior Prom are special moments to be remembered forever.

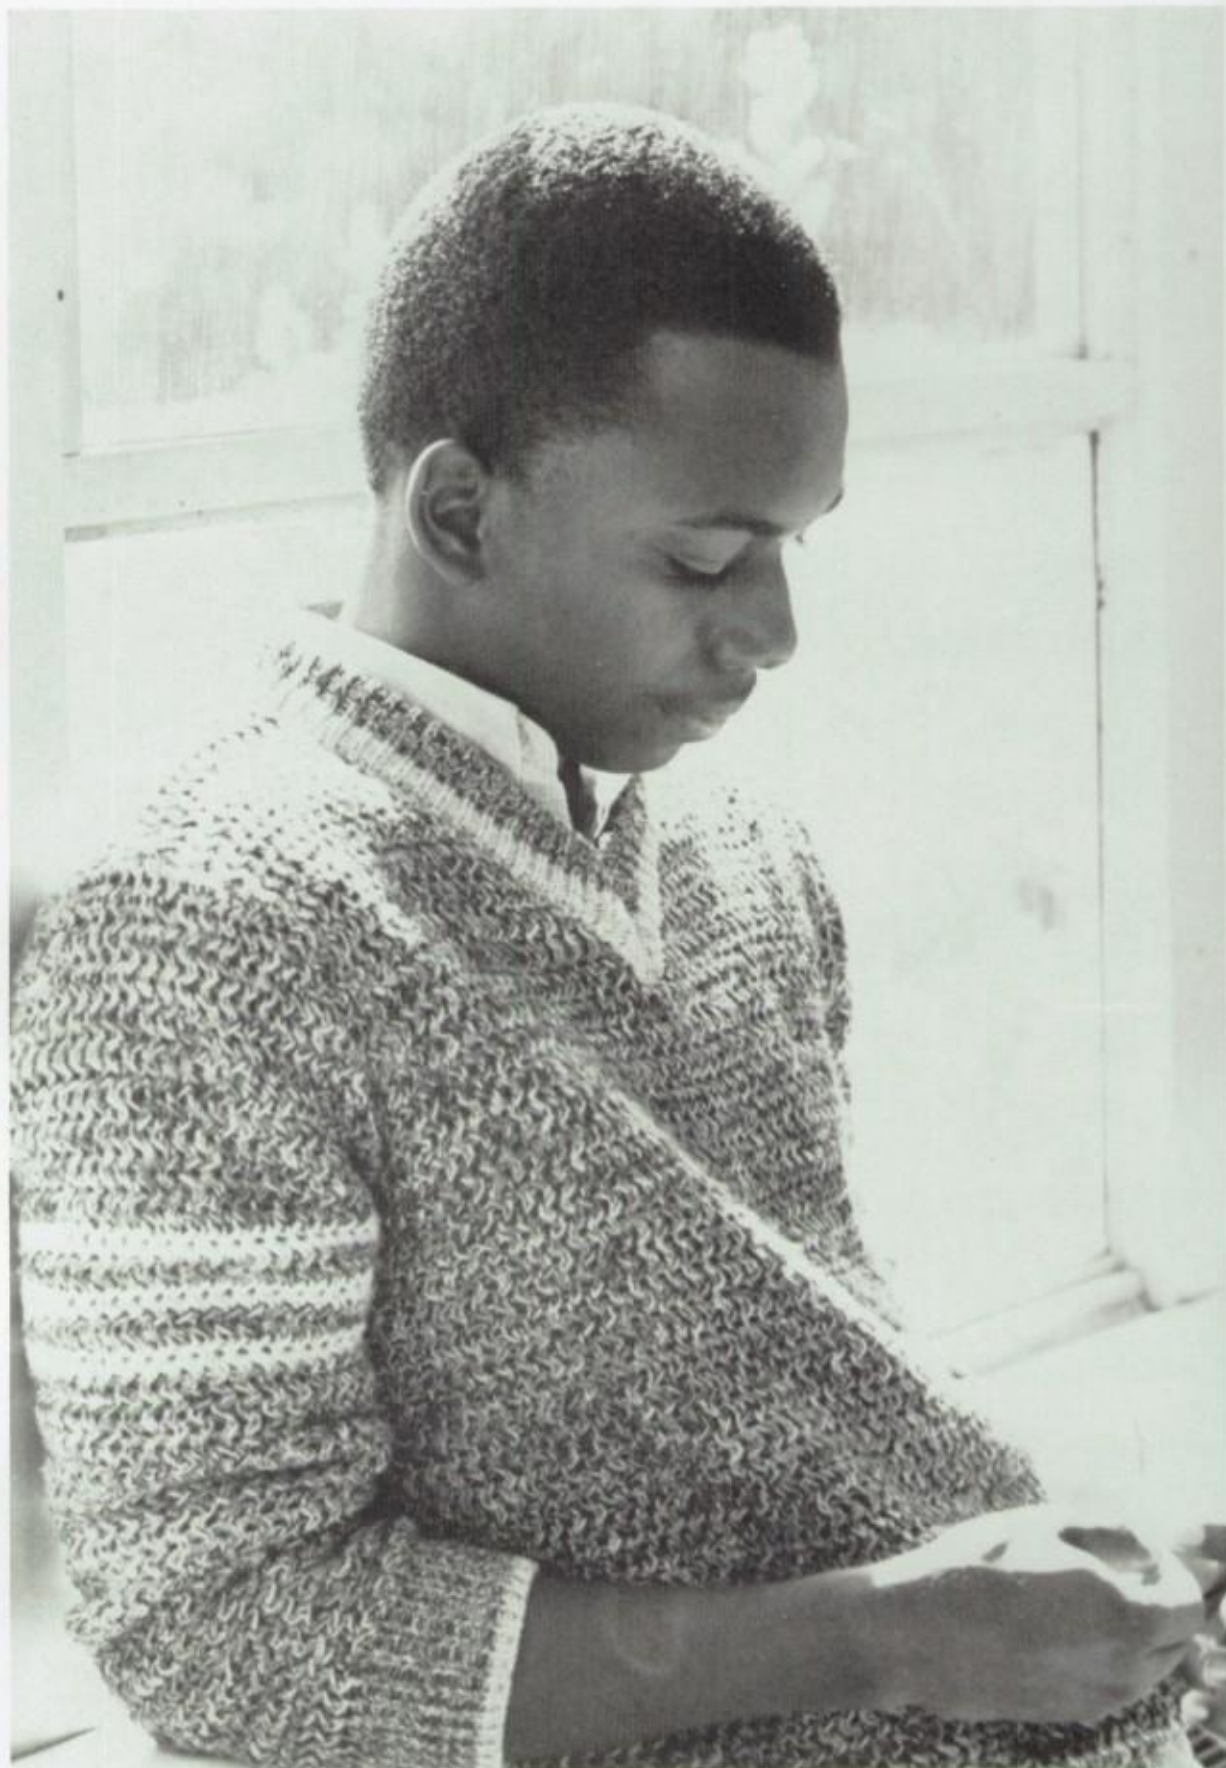

The Best Of Friends

Moments that last forever are from the best of times. No matter whether it is your best friend stopping you in the hall just to say "You are the best buddy I have ever had;" or maybe it is the time you and all your buddies were together sharing laughter with one another. The times you placed your arm upon your friend's shoulder as to say discreetly, "We are close, we are Titans, we are the best of friends." Maybe your special time is the time you spent alone thinking of that special someone blushing with a smile. Thinking of that someone who brings joy and happiness to your heart, making you sparkle with glitter and gleam is a special feeling, shared at a special time.

The life of a Titan is difficult. He must carry the burden of today's disasters and tomorrow's dreams. His hopes for finding solutions are challenging. He has to think of the unseen unheard of problems though he has not solved the present. Many say high school is a time for excitement but it also a time for planning and developing. A Titan knows he is the man of the future and a man who is innovative. As a future leader, he is united with others, contemplating the aspirations of man. The Titan knows where he is but does not know where he is going. Attempting to accomplish the goals established

by others, he knows it will not be easy. With the spirit and pride a Titan is endowed with from the beginning of his high school life, he is prepared to excel life's little blocks without looking back. Once he settles the problems on hand, he will be prepared for the problems unknown.

Business Leaders

The Titan Tribune

The Towers High School Faculty Staff did their best to make this 1982-1983 school year the very best. Last year was a good year but this year was exceptional. After putting up with a hard days work, one would expect the teachers and administration to head straight for home. This is not the case at Towers. The entire faculty and staff have pride in their school. Each teacher individually helps the young people at Towers — from football, basketball, track, band, drill team, flags, cheerleaders, clubs, groups or whatever the case may be. Knowing that the faculty is behind them all the way, students have more pride in their school. But our faculty is also outstanding because they are involved in millions of organizations, outside jobs and they have many hobbies. Here at Towers the faculty and students are proud to say that we are "A TOWERS TITAN."

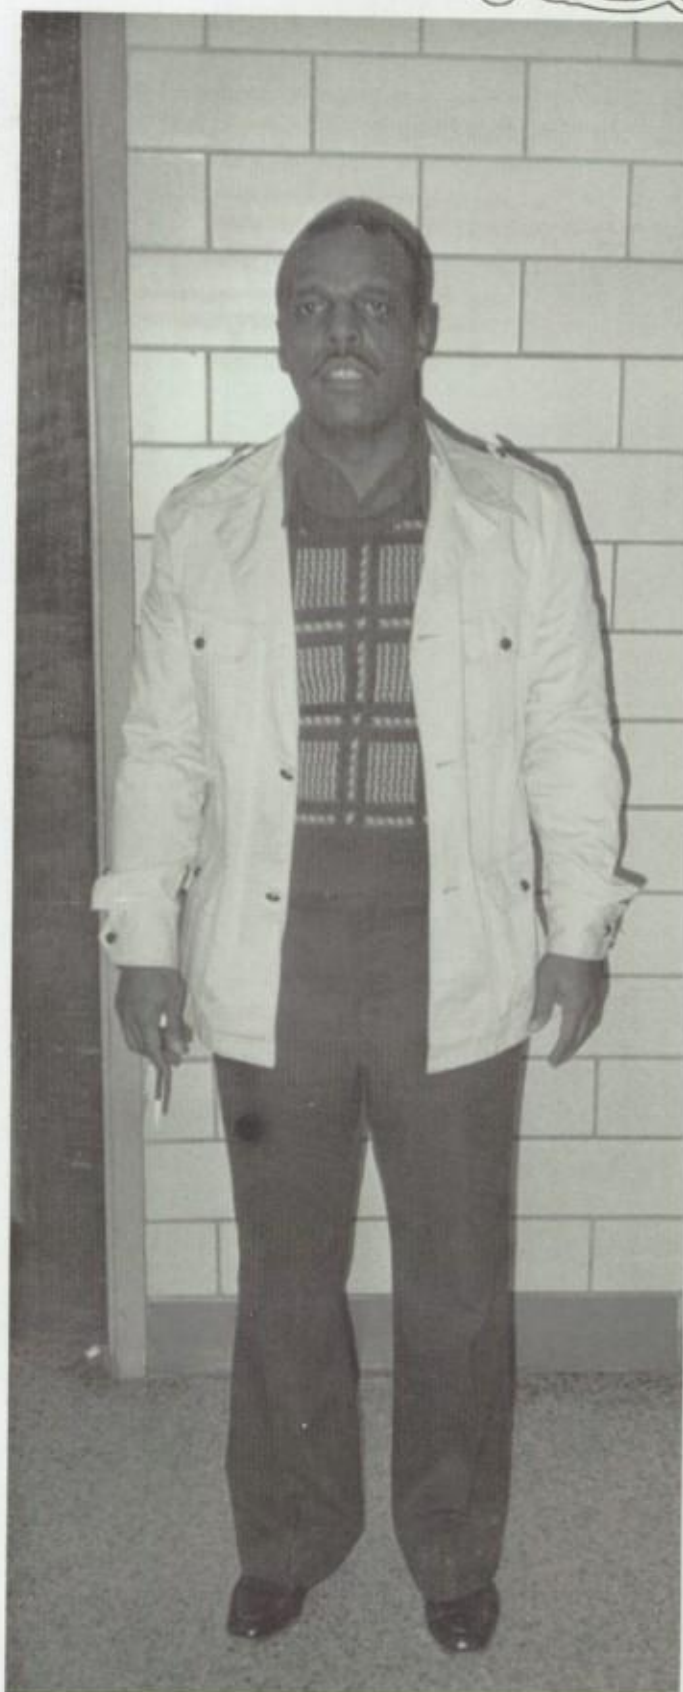

D e d i c a t i o n

COACH WILLIAM "BUCK"
GODFREY

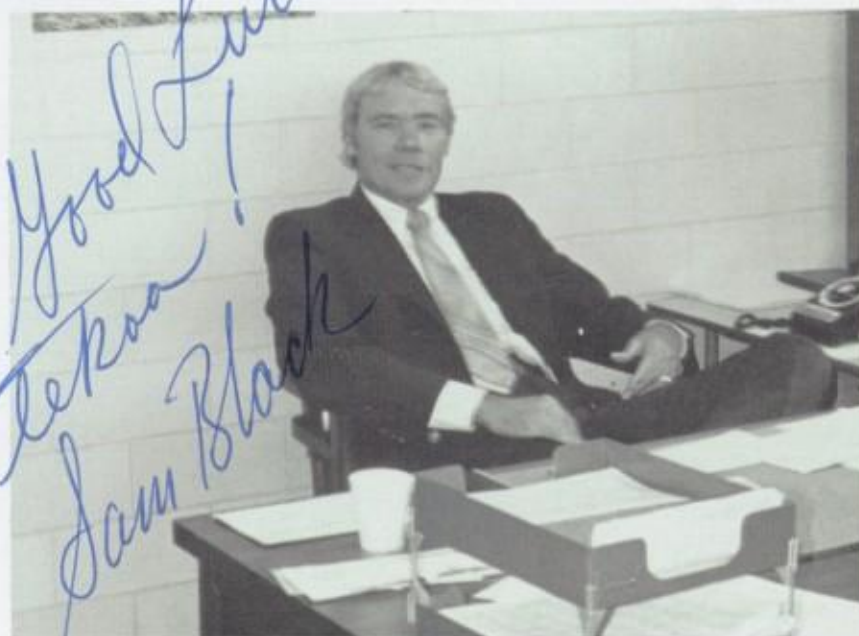

The senior class of 1983 would like to dedicate the 20th edition of the Olympiad to an excellent teacher as well as coach, who is known to many of us as "Buck." Beta Breakfast A "Booming" Success

BETA CLUB

Beta Club has come up with the brilliant idea of selling breakfast in the morning. This has turned out to be a "BOOMING" Success. The Beta Breakfast is in its second successful year. Also, Beta Club is involved with many other activities such as the Blood Drive. That is only one of the projects in which Beta Club participates.

VICA — VOCATIONAL INDUSTRIAL CLUBS OF AMERICA

Vocational Industrial Clubs of American is to prepare students for the world of work after graduation.

We have only a few activities. The Club had a VICA picnic. Then the officers went to an initiation banquet at Western Sizzler and our president and secretary went to Macon.

THS Student Council Well-Rounded

TOWERS STUDENT COUNCIL

The Student Council exists to serve the Towers Student Body, Faculty, and Staff, and Community. It strives to build leadership and to promote honesty, loyalty, courtesy, and respect for individuals, groups and property. Through ten standing committees it seeks to promote student involvement in a wide variety of activities and projects. The Student Council works with the administration and staff to enrich the lives of all people associated with Towers High School. The student council is composed of four elected officers, four appointed officers, four representatives from each grade, and ten appointed committee chairmen. Any student in the school may serve on a Student Council committee by completing an application form in the fall each year. The members of the Student Council work to represent the Student Body democratically and efficiently always acting in the best interest of the student body and Towers High School.

Miss T.H.S.

On February 20, 1982, Miss Janet Phillips was named Miss Towers High School. Miss Phillips won the hearts of all the judges by her splendid performance. Dressed in a very striking gown of maroon, Miss Phillips dazzled the audience as well as all the other contestants.

The first runner-up of this pageant was Terri Doss and second runner-up was Frances Hammock. Terri Doss was pronounced the winner of talent and Sandra Gross was named "Miss Congeniality". As always, the Miss THS pageant was a occasion filled with love, harmony, and excitement.

Mr. T.H.S.

Each year at Towers High School the Beta Club sponsors a "Beauty" contest for the guys. Although it is alot like the Miss THS pageant, the contestants are much more talented and beautiful. The evening gowns that are worn come from such designers as Salvation Army, Good Will, and Mom's Attic. The talent contest is very unique. They vary from skits to ballerina dances. Monty Baldwin, winner of the 1982 Mr. T.H.S. pageant was a big hit in his evening gown and talent costume. The first runner-up was Ricky McMahan and Mr. Congeniality was awarded to Roland Tippit.

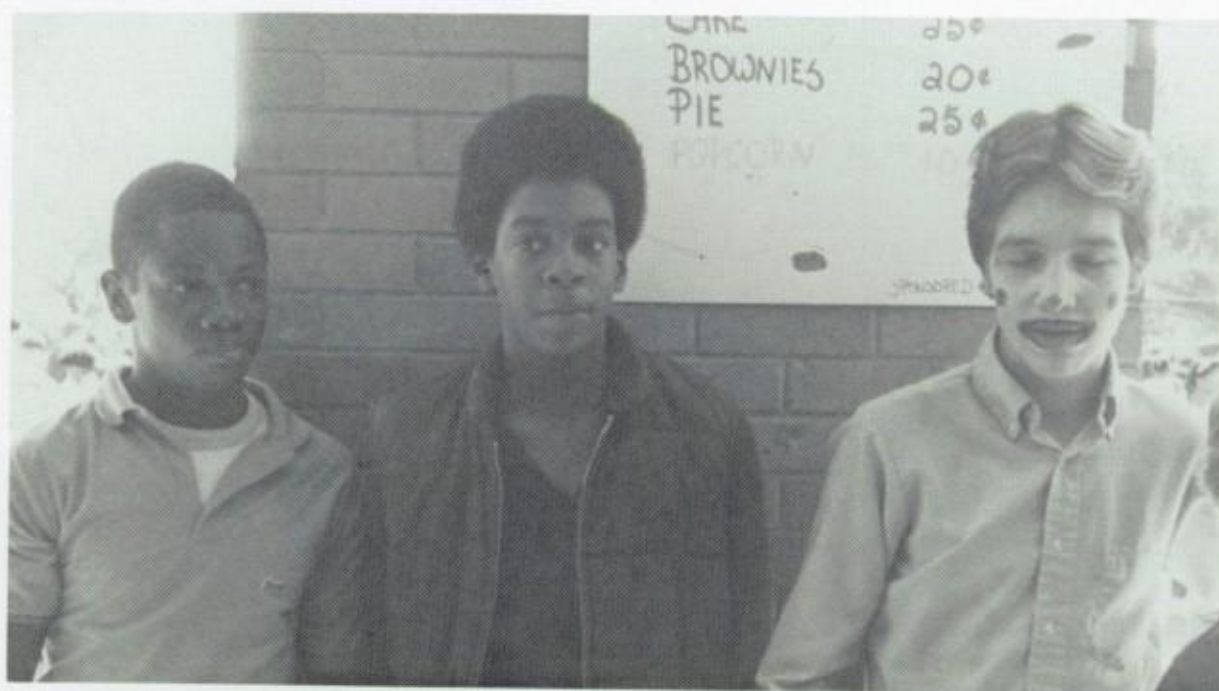

Fall Festival

Fall Festival

This year at Towers High School the Student Council sponsored a fall festival. The festival serves a dual purpose. First, it gives all clubs and classes the opportunity to raise additional funds and second, it gives the student an opportunity to enjoy the outdoors during the school day. The festival was truly enjoyed by all.

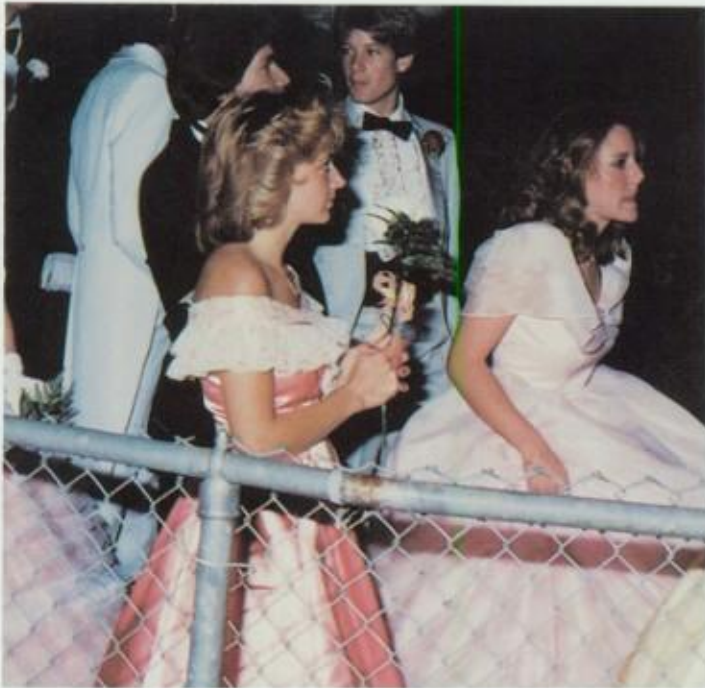

On October 16, Suzy McAlister was crowned 1982 homecoming queen of Towers High School. This was an exciting night for Suzy and all other contestants who were chosen to represent clubs and classes during the homecoming activities. This year there were 50 girls participating in homecoming. These girls were introduced to the student body at a special assembly prior to voting. Each member of the entire student body has the opportunity of casting his votes for the favorite girls. Members of the homecoming court and their escorts are: Homecoming Queen, Suzy McAlister escorted by Jay McAlister; first runner up, Candy Lee escorted by Calvin Kelly; second runner up, Wanda Jones escorted by Julius Lee; third runner up, Dee Dee Thomas escorted by Kenneth Wisniewski; fourth runner up, Verlicia Hall escorted by Charles Young.

Award Winning Cars

Kleenex Comes Alive

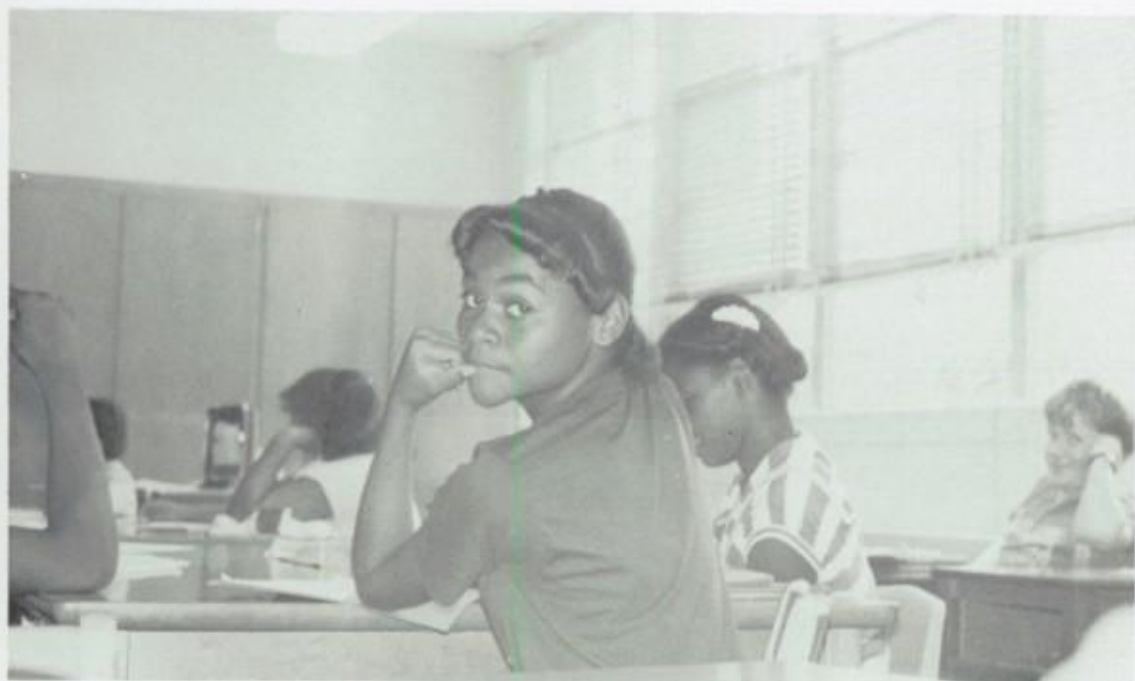

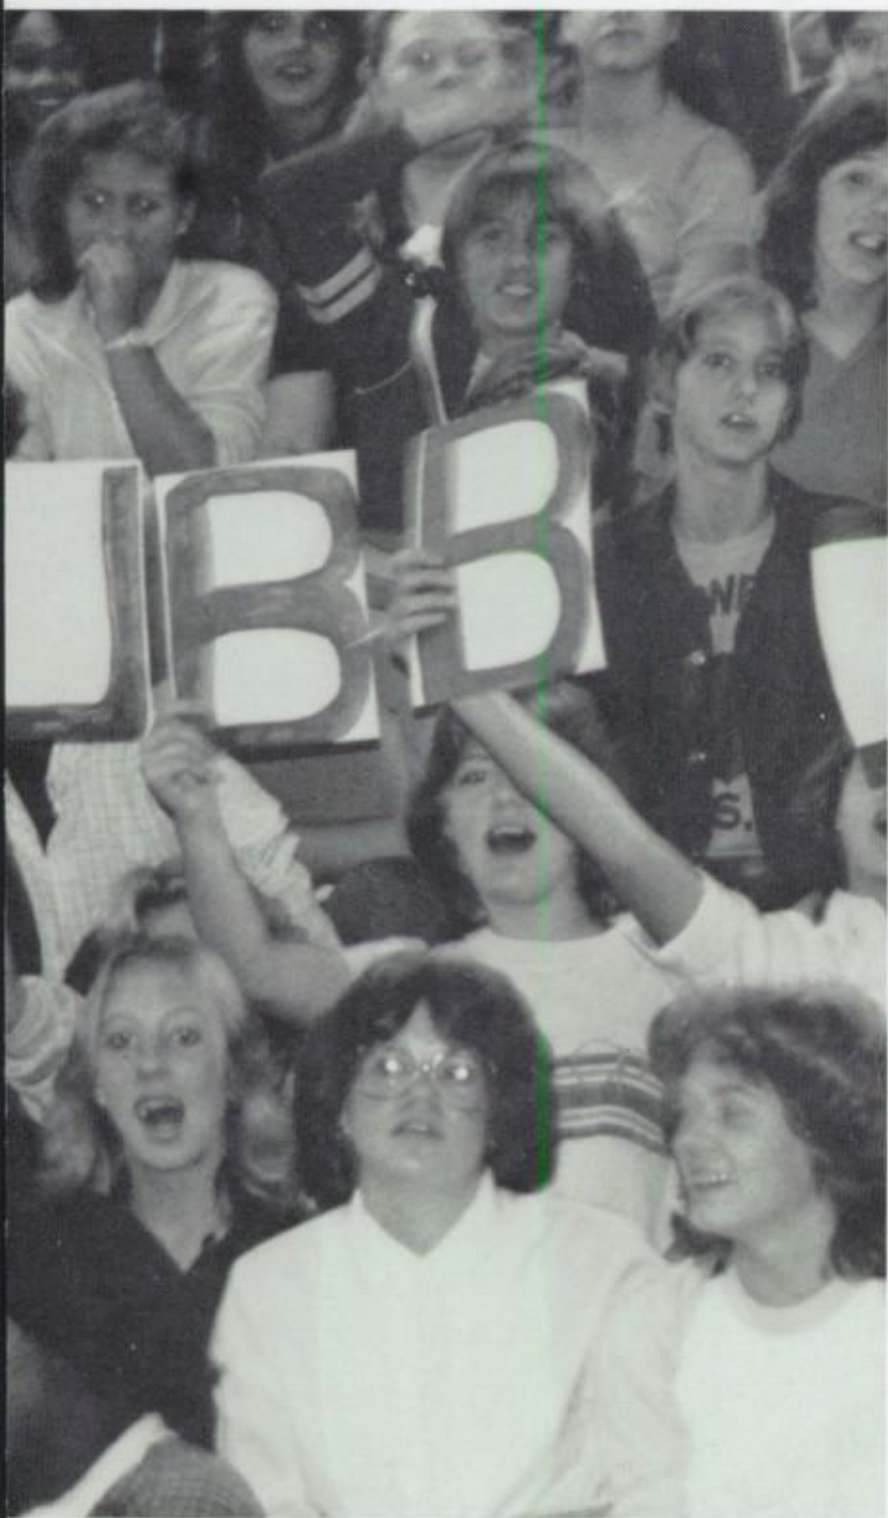

One of the highlights of homecoming is the car decoration contest. The judges of this contest base their decisions on how well an organization uses the homecoming theme through the framework of the organization itself. Winners of the car contest are: first place, Bebe Oakes sponsored by the Bowling Club; second place, Suzy McAlister sponsored by the Key; and third place, Frances Hammock, sponsored by the chorus.

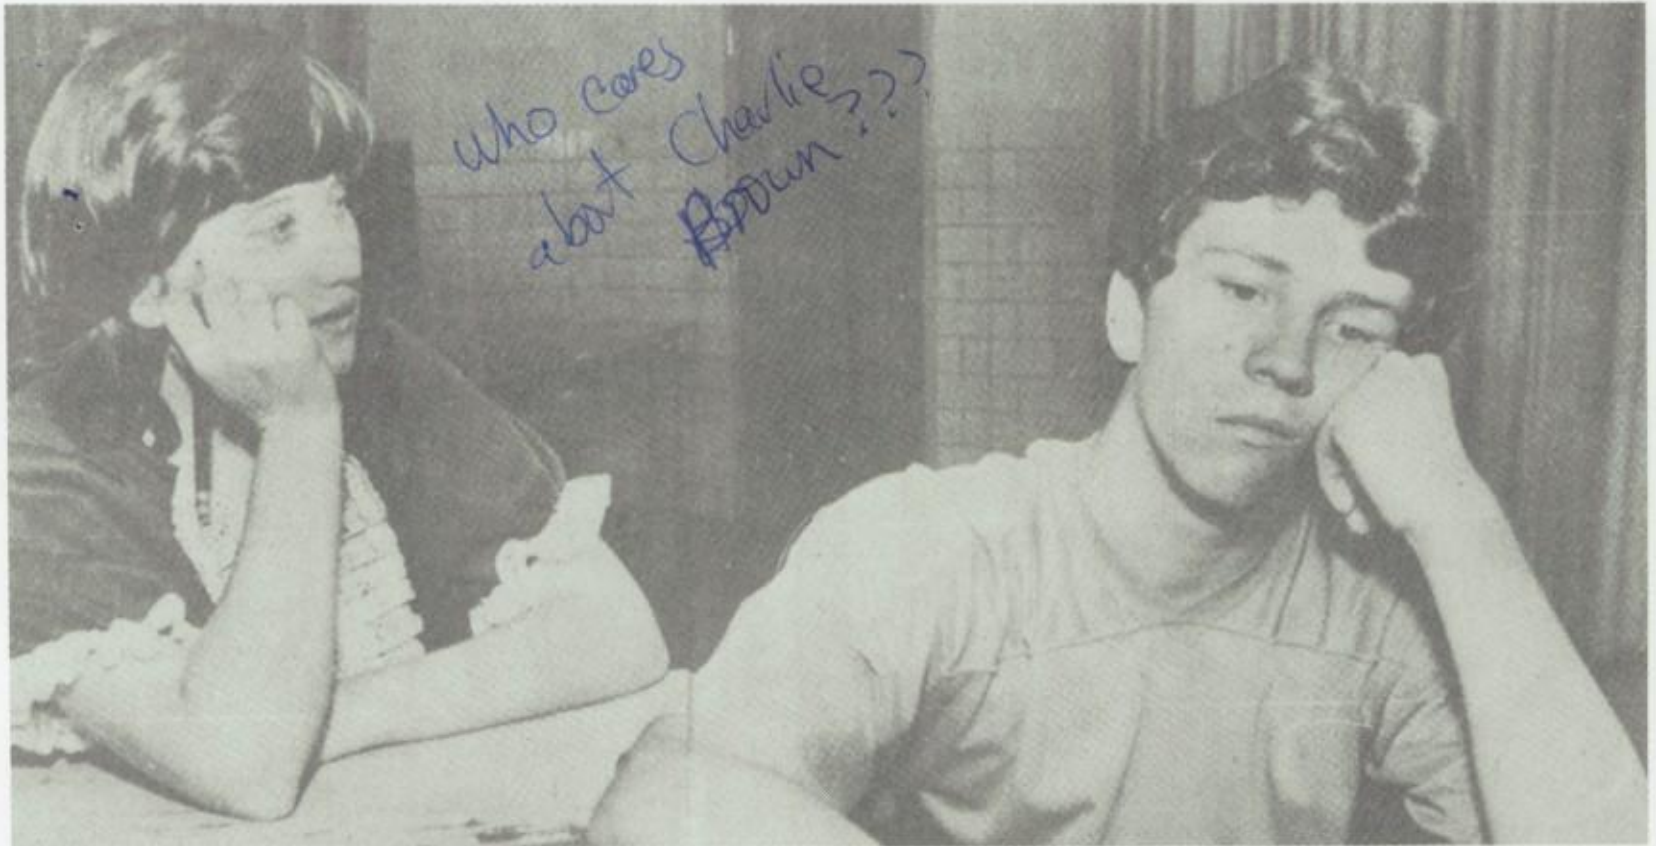

Subbies

Eighth graders at Towers High School have made quite an impression. They are one of the most spirited classes this school has ever seen. One eighth grade student, Calandria Edwards, says that she is really enjoying her high school experiences. A member of the band, Calandria gets a chance to witness spirit at its height during the football game. We at Towers are proud of our eighth graders. Keep the spirit going.

Drama Club Performs

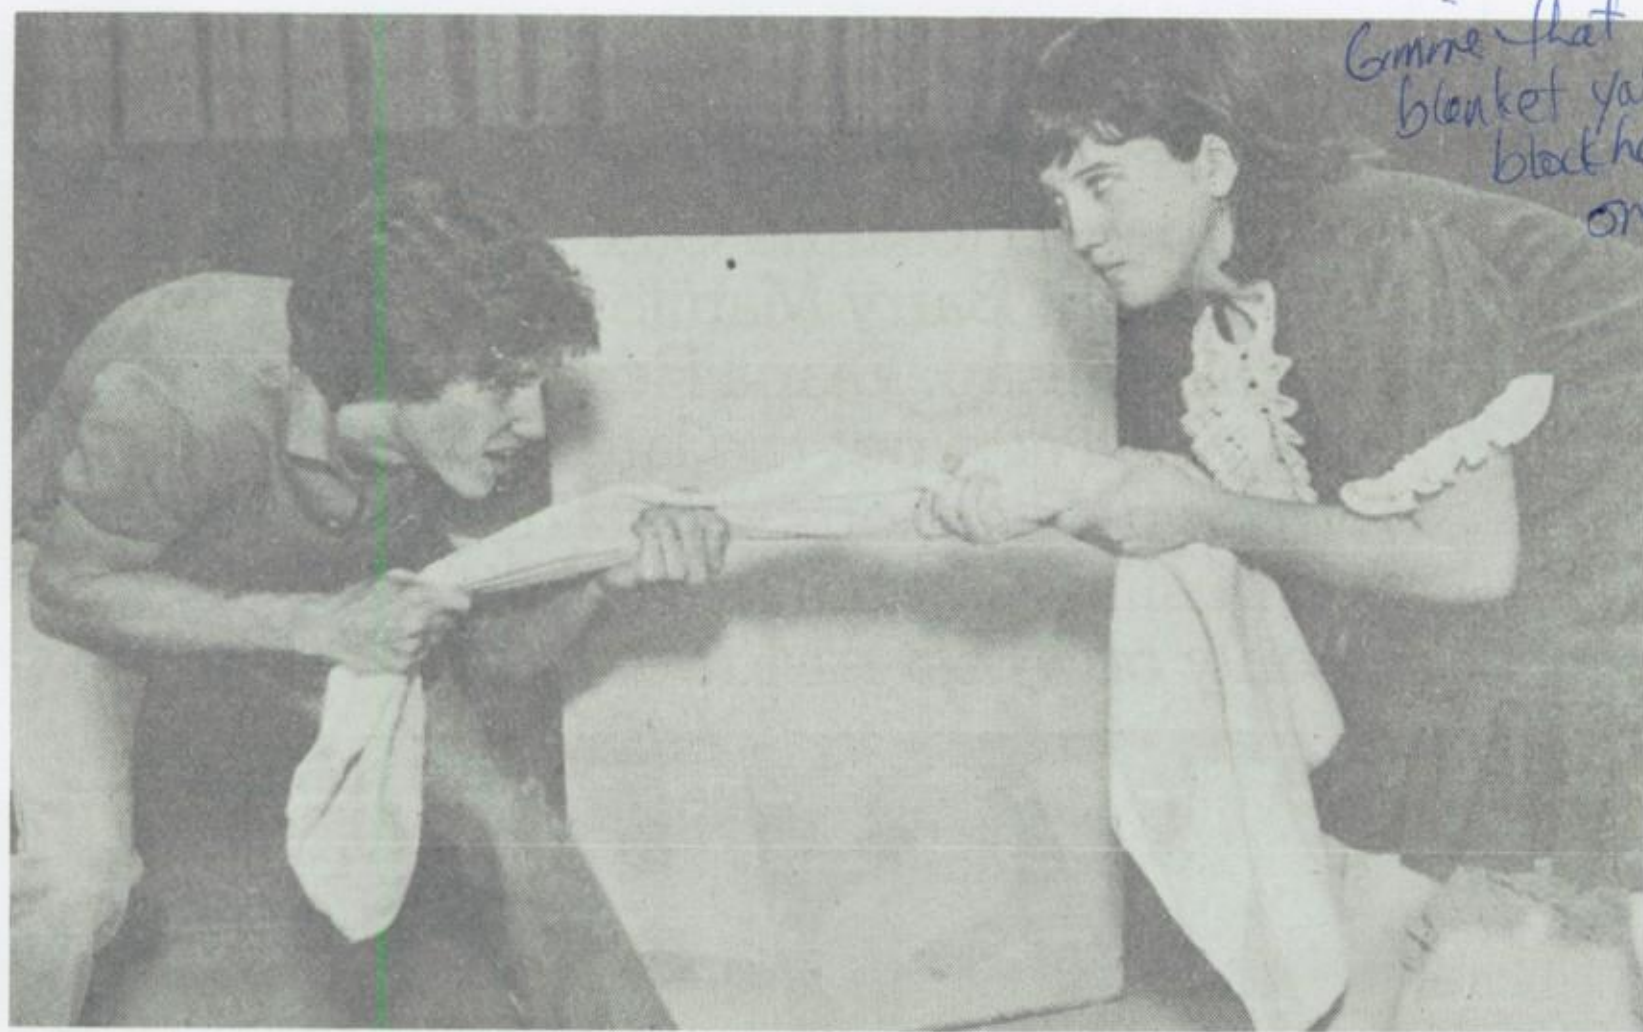

CHARLIE BROWN

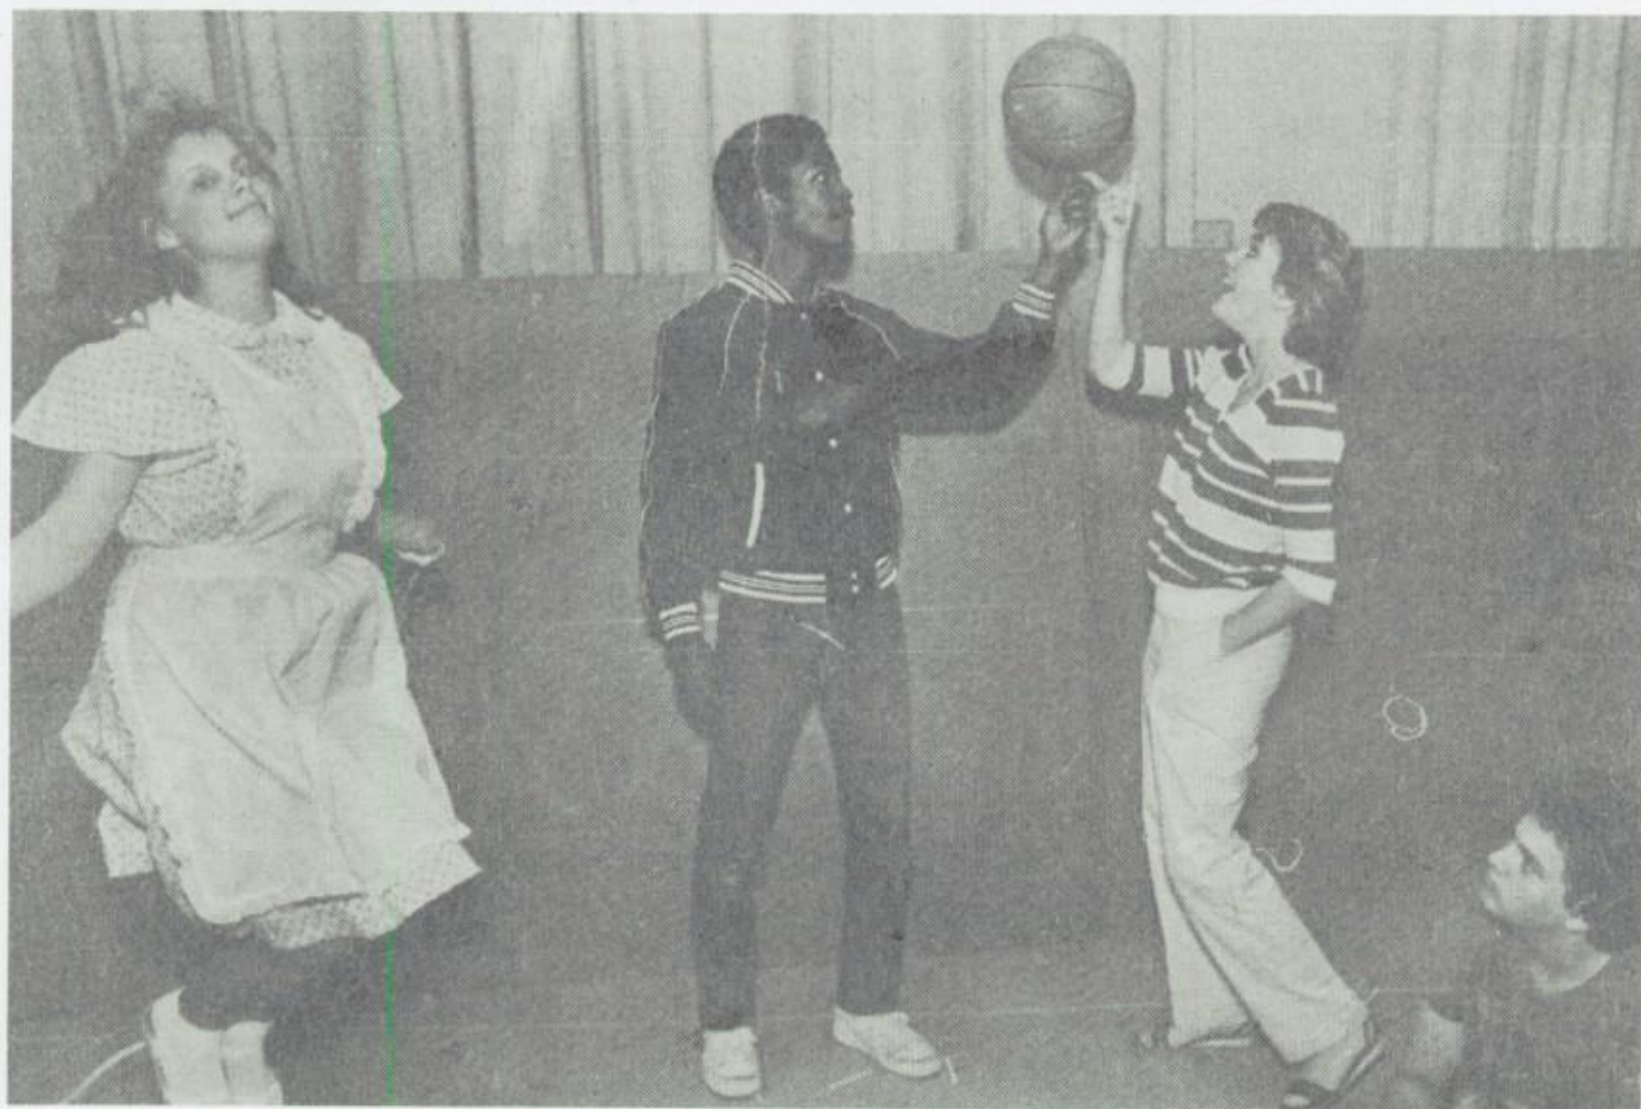

Last spring Towers High School's drama guild presented an outstanding play entitled **Charlie Brown**. The actors performed extremely well during this play under the leadership of Ms. Cindy Love and Mr. Greg Doss. The roles were cast as follows: David Atkinson played the part of Charlie Brown, Snoopy was played by Mark King, and Gina Dixon held the role of Lucy. Other performers were Pam Paliskis as Peppermint Patty, Jimmy Barnett as Linus, and Ricky McMahan as Schroeder.

Cheerleaders In The News

The Varsity Football Cheerleaders of Towers High have proven once again the great enthusiasm that they exert on the student body. In return it is reflected in the involvement from the students in the pep rallies, hall decorations, and the support they give at the football games. The squad consists of 12 girls led by Suzy McAlistler — Captain and Tammy Wallace — Co-Captain. The cheerleaders work very hard during football season devoting 3 days a week for practice time and sign painting. At camp this year they showed their pride and spirit for their school and the squad by winning ultimate ratings such as 6 superior ribbons, 1 excellent, the finalist in PomPom Routines and overall in competition. They received an award called the Master Key to Spirit Award, which was chosen by all the squads at UCA Camp. These girls truly have something to be proud of, so keep up the good work.

The 1982-83 Varsity Basketball Squad consisted of nine girls this year lead by Wanda Jones — Capt. and Arvis Smith — Co Capt. The girls gave the basketball team a lot of spirit throughout the season in order to cheer them on to their victories. The squad is somewhat different be-

cause this was the first basketball squad to attend camp. This year being their first year, attending camp the girls did spectacular; they brought home 2 spirit awards, outstanding jumps awards, cheering skills, execution awards, 2 sparkle and shine awards and a superior ribbon. The cheerleaders attended the ICF camp at West Georgia College. The purpose of this squad is to promote school spirit and to make Towers High School one of the best schools in Georgia. In respect to this year being Varsity Basketball's first year attending camp, the school may expect more from them, but as usual the girls pulled through to make this basketball season the best ever and to be as one and not separate individuals.

Titanettes Do It Again

Our Varsity Drill Team of Towers High School works in coordination with the band, flag corps etc. in order to put forth a highly respected halftime show at the football games. The group consist of 24 girls including the squads 5 officers Lisa Rauschenberg — Captain, Staci Sutton — Co-Captain, Marisa Butler — 1st lieutenant, Diedre McFarlin 2nd lieutenant, and Julia Powell Sec./Treas. These girls show their pride and spirit by supporting the football players as well as their school. They participate in the pep rallies performing to the best of their abilities for not only themselves but for their school. The Drill Team works very hard in practice as well as on the field. At competition this year they received 1st place superior in their division and 3rd place overall. Next year they don't plan to stop until they reach the top. Towers Drill Team is indeed a group of excellent and dedicated girls striving for perfection without anything or anyone standing in their way.

Salute the Flags

The Varsity Flags Corps performs during halftime games in order to entertain the people after sometimes watching an overwhelming first half. The group includes 12

members being led by Kim Billingslea — Co Capt., Lisa Palmer 1st lieutenant, and Lenita Parks — Sec./Treas. The corps puts in hard practice hours Mon-Fri. from 3:30-5:00. There are many requirements that you must have to be on the squad but the two most important ones are maintaining good grades and having a good attitude. Each year the flag corps goes to competition along with the Marching Band and Drill Team. This year the flags received an excellent rating in their division. They also participate in the annual band festival. These enthusiastic girls always give the best performance in order to support their team 100%. Lenita Park says, "Our flag corps members have to be willing to give it all we have to do the best we can," so keep up the good work next year and the flag corps will receive the only thing that is left and that is a superior rating.

Titan Brigade Marches On

The Marching Titan Brigade of Towers High School is made up of 52 talented young men and women who perform at halftime for all Varsity football games. The band is under the command of Kelly Renford — Drum Major, Andy Ritchie — Band Capt., Vaughn Irby — 1st lieutenant, Karen Culpepper and Maria Watkins — Librarians. The band helps entertain the audience by putting on spectacular shows at halftime. They help promote and encourage school spirit at the pep rallies and games by playing the fight song and alma mater. The Brigade practices everyday from 3:30-5:00 during their regular season. They spend about a week learning a new show in order to memorize the music and formations until the show is perfected. The Brigade attends the Greater Atlanta Marching Festival each year. This year they were rewarded with awards such as Drum Major receiving Superior, Band — excellent, Drum Line — 2nd, and Color guard — excellent. These young men and women are proud to be a part of the Marching Titan Brigade because without a determined mind and unity it wouldn't have been possible.

Sports

The Titan Tribune

The sport section of Towers Olympiad this year is full of excitement. While you're looking at this section, you will come across, the torture of trying, the thrill of victory, and the agony of defeat.

Towers is full of good sportsmanship. They have positive attitudes and plenty of determination. In the illustrations below we have Sonya Smith demonstrating determination. Next, in the second illustration we have Coach Bill George showing the thrill of victory. Finally, we have Lafayette Kemp showing the frustration and agony of being defeated.

These people are perfect exam-

ples of the types of feeling, expressions, and athletes you'll see in this section.

By Lisa Walker.

Cross Country's Up and Down Season.

The Cross Country season this year was good, but there were several disappointments along the way. Due to illness and injury, we did not perform nearly as to our abilities. As a result, we did not do as well as expected in the big races. We placed 10th in county and 6th in Region 5AAA. Certain individual runners did shine, how-

ever, Bill Cain ran 5th in Region, this qualified him for state, where he placed 15th. Rashid Dalton ran 9th in the Region races and 5th in the County Junior Varsity race. Steven Andrews ran 4th in the Junior Varsity race at region, and Paula Patton won the region 8th grade girls race by a wide margin.

I am pleased with the season, not only because of the strong individuals, but more importantly, because of the large number of B-Team and 8th Grade runners who came out.

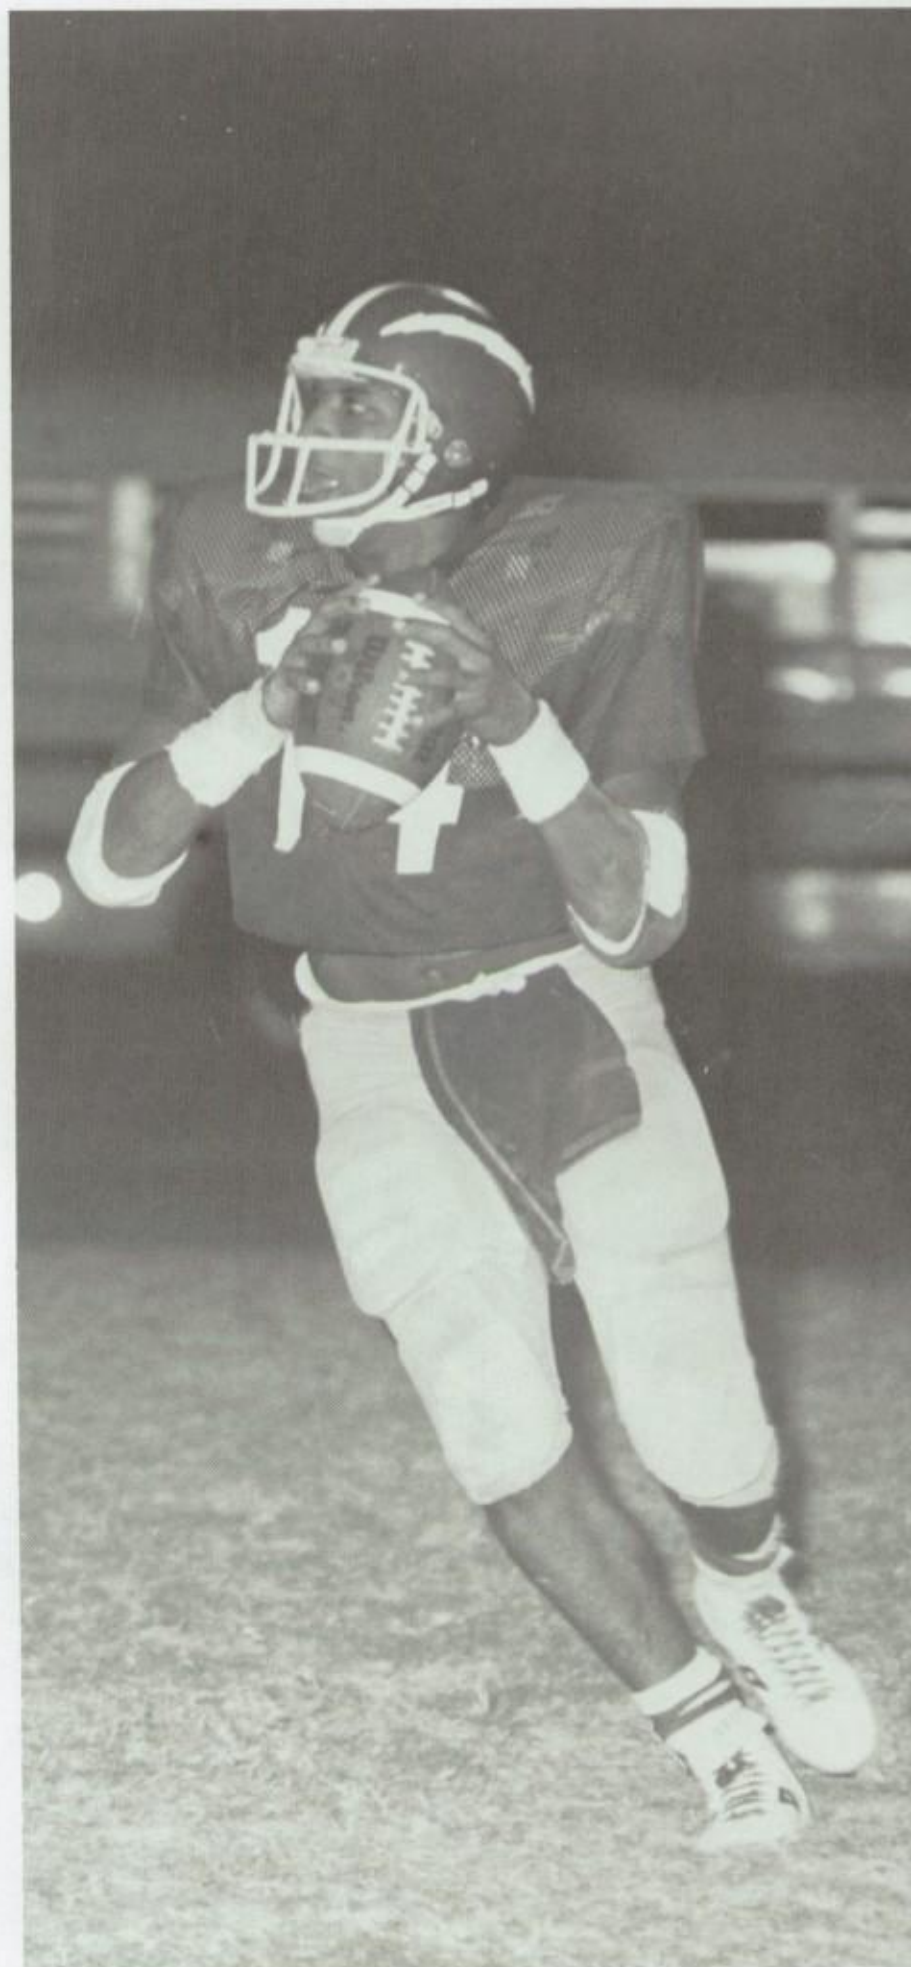

By David Fewell.

Life Style

The Titan Tribune

The Beat Goes On!

The spirit throughout Towers High School is outstanding. It is spirit that keeps the student body together and alive. Titans not only exhibit spirit in pep-rallies on Fridays and at athletic events, but spirit is also evident in community and state affairs. The student council, for example, visits surrounding nursing homes periodically and is involved in state

projects such as raising funds for Gracewood. Even though some students do not show their spirit as much as others, it is there. How does one know his spirit is there? By the way he carries himself, by the way he does things, and by the words he utters. Unlike other schools, Titan spirit is contagious and lasts all year long.

Titans Live On Spirit

Hanging Out With The Boys!

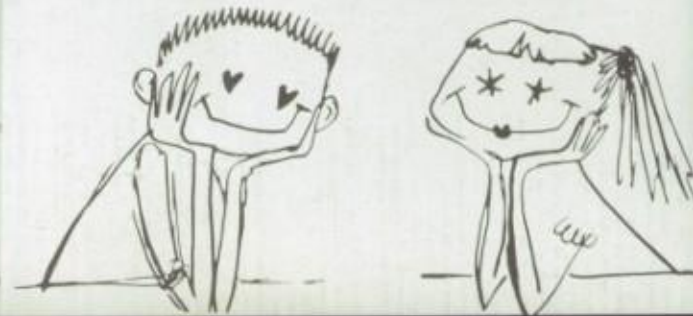

When reflecting on high school years, hanging out with the boys was most memorable. Times spent laughing and sharing thoughts with the guys, who could move mountains with one lie, were beyond humorous. The guys gave each other the feeling of belonging and the feeling of comfort. Titans experiencing life with other Titans made the stage of youth meaningful. Fridays were looked forward to because one could plan the daylong events on the past Monday. The events were simple: First, one would take an hour long shower. Afterwards, one would press plaidd pants and striped shirt. When noting that the two clashed, one would then swap them for a pair of Jordache jeans and a dress shirt. Preceeding the time consuming task of dressing, one would style his hair as if he were going through a nuclear crisis. When dressed and ready to go, one would primp in front of the mirror practicing the latest dance step. HONK! HONK! indicates the guys are ready and it is time to go. Riding around the block, having the time of his life, was the only thing one did for three hours.

Finish! Through! The End!

Love flourishes in the beginning of each school year. Love ballads boom in the month of September telling of everyone's true love. Each relationship has a different song for their "red hot" romance. Though everything is beautiful for that moment like most beginnings, the end is always heart breaking. "It's Gonna Take A Miracle" or "Yes, It's Over" are Titans' requested songs over the air waves. The woes of broken hearts are heard for miles around. Traditional tears are shed and long faces are worn. When the big romance disappears, the day long blues are gone. Titans rejoice once more, for summer love is just around the corner.

Love Boat Sinks!

When asked why students can not kiss yet hold hands in the hall ways, Mr. Rogers declared, "School is not the proper place to show that type of affection." The Towers High School principal went on to say, "Dating is a part of social life, a little hug is O.K." Obeying the rules is not a serious problem. Persons who refused to follow orders were given in-house suspension. During public events and attending public places, "a certain amount of good taste should be used. Mr. Rogers also said "Personalized affection is not proper conduct in school." Most Titans agree with Mr. Rogers on this position he has taken. With the understanding that certain rules must be made and followed, students feel that their "best interest is in hand.

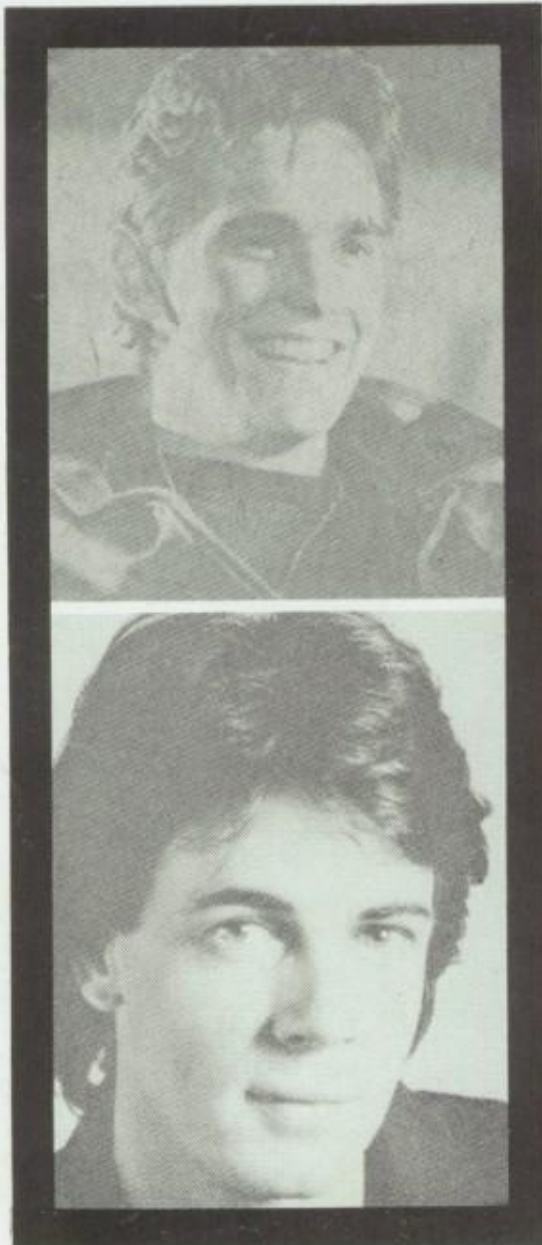

Officer And A Gentleman: Overwhelming Favorite

The Titan favorites for the 1982-83 School year were hit movies such as *An Officer And A Gentleman*, *E.T.*, *Tootsie*, and *48 hours*. Well-loved actors and actresses were Matt Dillion, Richard Gere, Dustin Hoffman and Eddie Murphy. Favorite songs and artists were: *International Lover* by Prince; *Rock the Cas Bah* by The Clash; *Eye of the Tiger* by Survivor; *Billie Jean* by Michael Jackson; and *And The Beat Goes On* by Orbit. Truly by Lionel Ritchie; *The Girl Is Mine* by Paul McCartney; *Space Age Love Affair* by the Flock of Seagull; *Down Under* by Men At Work; and *The Look Of Love* by ABC were special favorites. The best concerts in Atlanta last year were Rick Springfields', The Jacksons', The Clash, Van Hallen's, REO Speedwagons' and Prince with Vanity 6. Favorite restaurants were Burger King, Mrs. Winners, Red Lobster and McDonalds. Curls and blunt hair cuts were the most popular hair styles.

Richard Gere & Louis Gossett, Jr.

ANYTHING GOES

The fashion look for the 1982-83 school year was totally, totally absurd. "Anything goes" should have been its theme. Men tailored pants and men tailored shirts were the hottest style for both guys and gals. Girls wore mini skirts, pumps, multi-colored saddle oxfords, and anything designed by Hunters Run. For guys were Polo shirt and pants, members only Jackets and leather pants and school boys lens. Favorite cars were Comaros and Mustangs.

Coca-Cola and Diet Coke were the most popular drinks. Towers was invaded by little blue people called smurfs. The University of Georgia pariphanailia covered every inch of the Titan student body while the Tech University was forgotten.

Anything Goes: The Look Of Forever

This years spirit week was the best yet. More people participated than ever before. It was sponsored by Student Council's Spirit and Pride committee; Chairman was Sonya Lord. There were alot of great new ideas. By the end of the week, many people had been filled with spirit! Events of the week included KISS-A-GOAT contest, which was won by the Junior Class for raising more money than any of the other classes. By raising the most money their class president, Marisa Butler, got to kiss a goat. Another event was the spirit of chain. Each class was to buy as many spirit links as they could; links sold for 5¢ each. Whichever class had the longest spirit chain at the end of the week won that contest. The seniors came in first place, second were the sophomores, and the juniors came in third. Finally a "weigh in" was held. Each student of each class was encouraged to be weighed for their class. First place went to the seniors, second place were the juniors, and the freshmen took third place. Over all spirit week filled students with spirit for the pep-rally and motivated the student body to participate in more school activities.

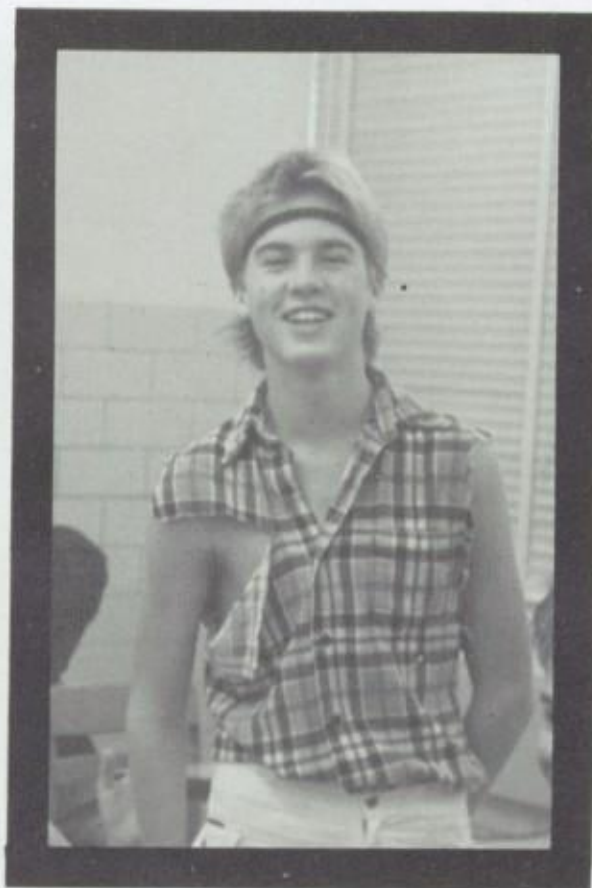

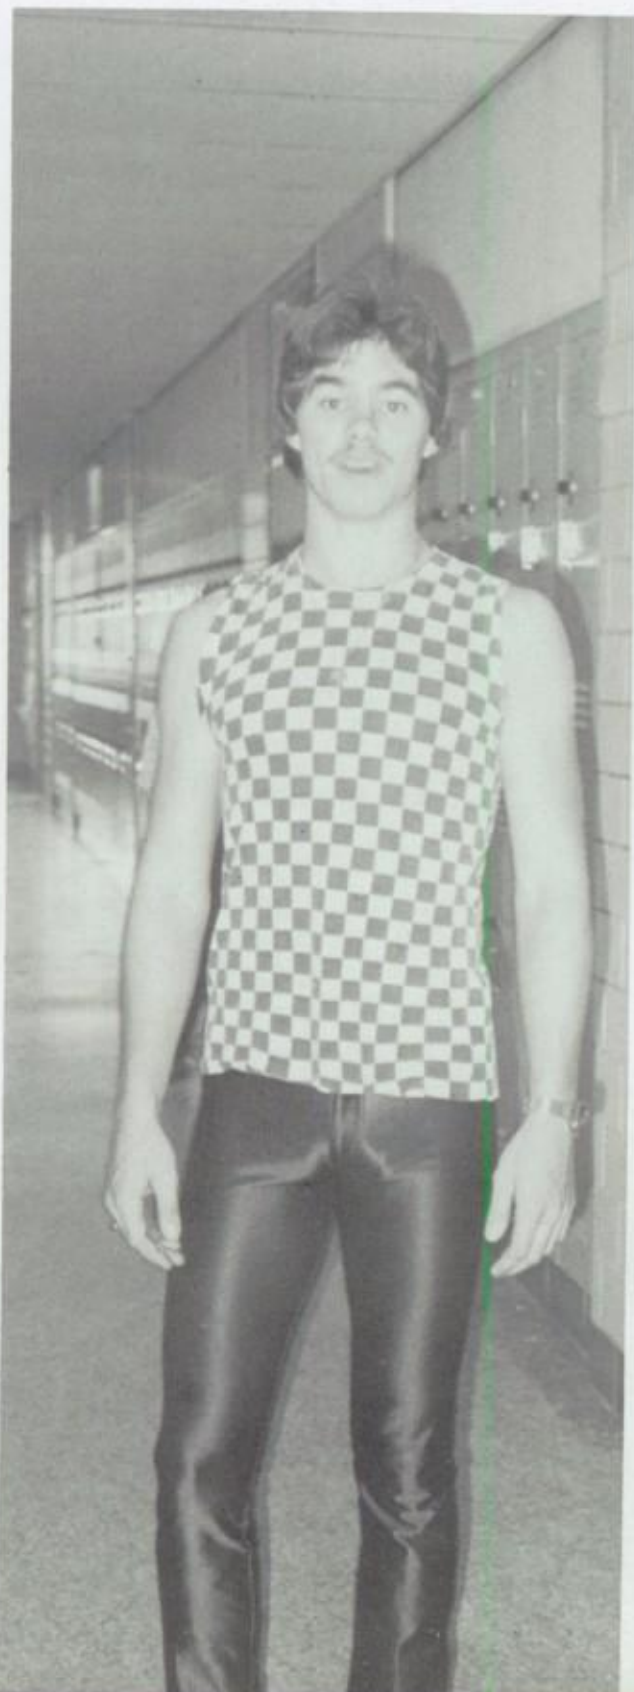

Spirit Week — All Time Success Story

Towers Titans Participated In Spirit Week

Spirit week went over real well. Monday — Buttons and hats day, students wore hats and all the buttons they could on their hats, shirts, pants, or shoes. On Tuesday, Punk, Funk, Prep, and nerd day. Students dressed Punky, Funky, Preppie, or like a nerd. Wednesday, on College day, students were supposed to dress up like students from their favorite college. Thursday, Surfs up day, which everybody really enjoyed. Students were supposed to wear beach clothes, such as colorful shirts, and hats, sunglasses, and sandals. On Friday, which was favorite color day, everyone was encouraged to wear their favorite color.

Tippit And Wilson First & Second

The BETA CLUB presented the 1982 version of Mr. THS on Thursday, December 9, 1982. Roland Tippit was awarded First runner-up and "Most Humorous" for his skit "A Nerds Life"; Tippit was sponsored by the K-Mart Cafeteria. Barry Wilson was chosen as second runner-up. Wilson, sponsored by Cabbage Town, jiggled on stage to receive his trophy.

Roland Tippit Win 1st Place in Mr. THS Pageant

Kevin Mullins Wins Mr. THS

Kevin Mullins, winner of the 1982 Mr. THS contest, was sponsored by Eckerd Drugs. Kevin was awarded "Mr. Congeniality" by the other candidates. When honored with the title of Mr. THS, he proudly strutted across the stage and blew kisses to the audience. This is not the only honor that has been bestowed upon Kevin. He was selected by the senior class as a senior superlative, "Most Spirited."

"I Love Rock N' Roll"

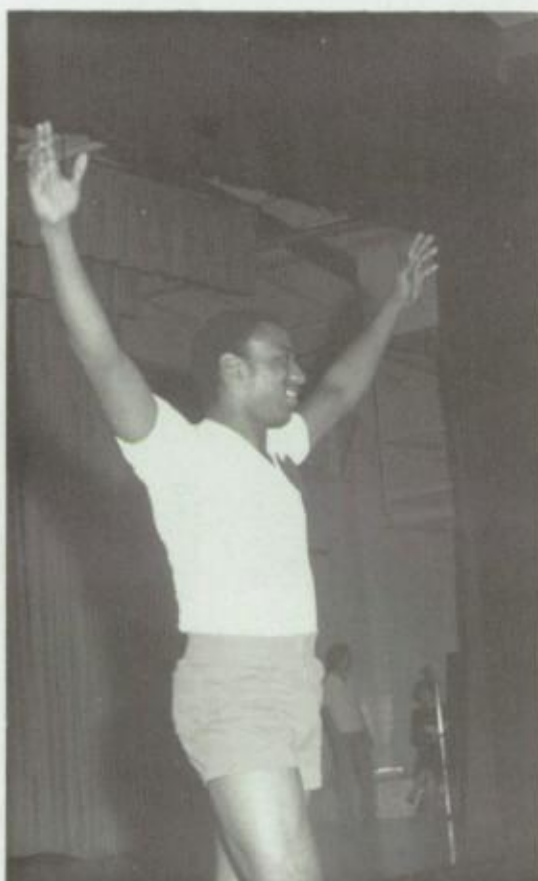

Mr. THS Talent Competition

All but two of the participants in the Mr. THS pageant sang. Dennis Doyle wooed the audience with "Truly," Derek Roberts, Jean Mougel, and Chuck Rigney entertained the audience with a song by the "Stray Cats," Tim Mitchell sang "Gigilos Get Lonely Too," Bruce Rice and Barry Wilson had the audience in stitches with their imitation of the "Four Seasons," Gary Jones charmed the audience with his version of "Tomorrow," Kevin Vickery and Reginald Tompkins sang a fitting duet "Ebony and Ivory," and last but not least, Kevin Mullins rocked the audience with the song "I Love Rock and Roll." The other two acts were kind of unusual, Chris Cain performed a parody of a modern dance, Roland Tippit presented the skit, "A Nerd's Life."

Gary Jones Portrays "Annie."

The contestants and their sponsors for the 1982-83 Mr. THS Pageant were: Chris Cain, sponsored by Dixie Crystal Sugar; Dennis Doyle, The Flo-Glo Club; Gary Jones, The Winn-Dixie Beef People; Tim Mitchell, The SSSpeech Class; Jean Mougel, The Atlanta Humane Society; Kevin Mullins, Eckerd Drugs; Bruce Rice, Uncle Ben's; Chuck Rigney, The Booty-head Club; Derek Roberts, The Lords; Roland Tippet, K-Mart Cafeteria; Kevin Vickery, Soul Brothers of America; and Barry Wilson, Cabbage Town.

Basketball Homecoming

Towers High School held its second Annual Winter Homecoming Celebration on Saturday January 29, 1983. Tammy Wallace escorted by Barry Wilson was named the 1982-83 Winter Homecoming Queen. During the half-time of the boys varsity basketball game against Cross Keys, the Homecoming Court (class queens) was announced. They were Kim Beauford escorted by Gary Fuller; Miss 9th Grade, Shantha Armstrong escorted by Scott Williams; Miss 10th Grade, Lynn Bonds escorted by Rod Strozier; and Miss 11th Grade Felecia Williams escorted by Kevin Latham. The Winter Homecoming Court was selected in a different way than the Court from last Fall. Each homeroom nominated two girls from their grade. On January 14, each grade voted for four candidates and on January 28, a final vote of one was taken. After Towers defeated Cross Keys 72-65, a dance was held in the Cafetorium. The Disc Jockey was Scott White from V-103 radio station. The Cafetorium was decorated with balloons illustrating the theme "Up Where We Belong." The entire affair was sponsored by the Student Council and planned by Darnette Hutchinson, the Homecoming Chairperson.

Rod Summers Wins Talent Show

The Student Council presented the 4th Annual Talent Show on Thursday, February 3, 1983 in the THS Cafetorium.

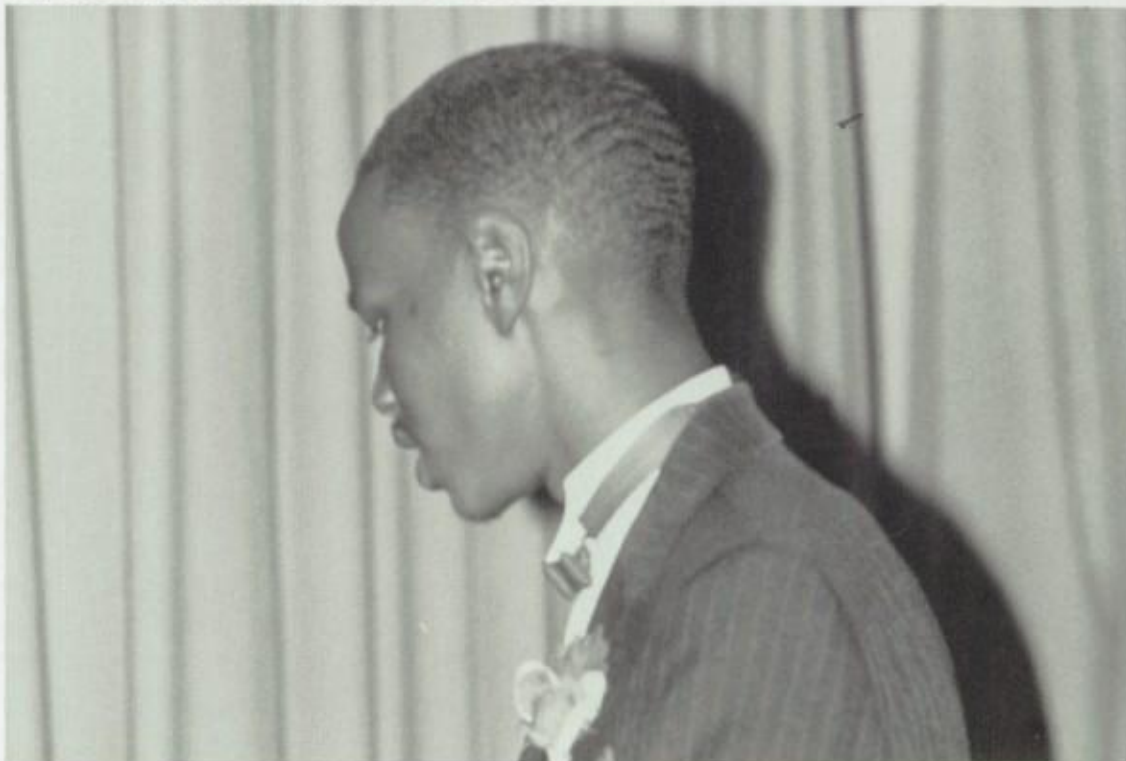

The evening began with an introduction of the judges by the host, Mark King. They were Marian Garnson, Instrumentalist. Mary Anne Sharp, Director, Decatur Civic Chorus; Leland Taylor of Shamrock High School; and Sam Williams, Dancer, from Stoneview Elementary School.

Performances began with the first act: Carol Thomas dancing to "Starmakers." Carol's modern dance and skit was beautifully executed. Next, Frances Hammock sang a pop tune "Breaking Away from Sanity." The Third act was Rod Summers singing "Go on and Cry." Rod's lustrous voice mesmerized the ladies in the audience. When Rod threw white carnations into the audience, girls literally fought for a petal. Sandy Parrish tried to top Rod's performance with a modern jazz dance routine to the pop song "Could I be Dreaming." Gwendolyn Juhon followed Sandy singing her original composition "Let me Dream." The sixth performance was by Kim Clay singing her favorite country popular song, "Nobody." Tommy Gregory and Scott Williams rallied the crowd to their feet after performing a New Wave dance routine to the sounds of the song "Scorpio." "Go on and Cry" was given a new version when Dennis Doyle performed the soul hit. Dennis' performance brought the audience to total silence. The 9th and final act was Rod Summers and Syrita Blount singing the song "If this World were Mine." The duet captured the audience's soul with a glittering performance.

After a brief intermission, the audience waited for the judges' decision as if they were awaiting their fate. Moments later, the judges filed in one by one with the difficult decision of the 4th annual talent show winners.

Mark King announced tensely, "Winner of \$25 check and 3rd runner-up, Dennis Doyle." The crowd roared to their feet in cheers. "Winner of a \$50 check and 2nd runner-up, Kim Clay." Kim gracefully walked on stage with tears rolling down her rosy cheeks. The audience once again rose to see who would be the Grand Winner. Mark, filled with excitement carefully said, "Winner of a one hundred dollars check and winner of the 1982-83 talent show, Rod Summers. A thunderous roar occurred as the audience gathered around the 1982-83 Talent Show winners.

Sighing with relief, Kim said she was "shocked and very, very surprised." Kim also said she wants to "Thank God. Without him it could not have been possible." "I did it for my friends and my family" declared Rod. "When he (Mark) announced my name, I was devastated, shocked and in total disbelief."

"... I Did It For My Friends And My Family."

Dennis Doyle — 3rd Runner Up. "I Did My Best!"

**2nd Runner-Up Kim Clay.
"Thank God. It Couldn't Have Been
Possible Without Him."**

What's up,

I'm not good at writing, because I hate to write. But here it goes...

Your wife, your sweet and wonderful
Moms. It's just your head I don't
want to know. All mine you when

your girl, because I'll know
you for so long. If we keep
in touch our friendship will

stay strong. Stay as you are -

"MYBE" some change here
and there. "Dor" because girls

like you are very rare. Give

those girls a break. It wants

be ^{Hard} heart to do. I hope you

have me with a sister like a

Sister, like I love you. Stay out of trouble...
